To be specific, it's the front and rear pass. side turn signal lights, and the front pass. side parking light (which is affected because it would normally flash along with the turn signals), so 3 lights.

~~2005 Subaru Baja Passenger side turn signal lights stuck ...~~

Having trouble with your Subaru where the corner parking lights won't turn off? As it turns out it's a super common issue that sends confused owners back to the dealership to diagnose a fix. This often occurs after washing the car and owners typically think there's a short in the lighting wires. As it turns out, and you'll probably feel a little oblivious after learning of it, there's a switch ...
