Greatness Redefined for the 21st Century

Today's business climate is defined by speed, social technologies, and people's expectations of "values" besides value. As a result, leaders have to create an outstanding culture for all, no matter who they are or what they do for the organization. This groundbreaking book, from the creators of the gold-standard Fortune 100 Best Companies to Work For list, shows how it's done. Through inspiring stories and compelling research, the authors demonstrate that great places to work for all benefit the individuals working there and contribute to a better global society—even as they outperform in the stock market and grow revenue three times faster than less-inclusive rivals. This is a call to lead so that organizations develop every ounce of human potential.

For readers of Malcolm Gladwell, Daniel Pink, and Freakonomics, comes a captivating and surprising journey through the science of workplace excellence. Why do successful companies reward failure? What can casinos teach us about building a happy workplace? How do you design an office that enhances both attention to detail and creativity? In The Best Place to Work, award-winning psychologist Ron Friedman, Ph.D. uses the latest research from the fields of motivation, creativity, behavioral economics, neuroscience, and management to reveal what really makes us successful at work. Combining powerful stories with cutting edge findings, Friedman shows leaders at every level how they can use scientifically-proven techniques to promote smarter thinking, greater innovation, and stronger performance. Among the many surprising insights, Friedman explains how learning to think like a hostage negotiator can help you diffuse a workplace argument, why placing a fish bowl near your desk can elevate your thinking, and how incorporating strategic distractions into your schedule can help you reach smarter decisions. Along the way, the book introduces the inventor who created the cubicle, the president who brought down the world's most dangerous criminal, and the teenager who single-handedly transformed professional tennis—vivid stories that offer unexpected revelations on achieving workplace excellence. Brimming with counterintuitive insights and actionable recommendations, The Best Place to Work offers employees and executives alike game-changing advice for working smarter and turning any organization—regardless of its size, budgets, or ambitions—into an extraordinary workplace.

Explains what makes a company a good place to work and offers specific strategies for fostering a positive work environment.

The business leader's guide to creating a great workplace from the Great Place to Work Institute In this follow-up guide to The Great Workplace, experts from Great Place to Work® Institute, Inc. reveal the most common excuses managers use for why they can't create a great workplace. Authors Jennifer Robin and Michael Burchell poke holes in every single excuse. Whether the reasons involve the organization's leadership, employees, environment, or any other factor, the authors explain that if managers lead people properly, they can create a great workplace. The authors explore how managers can interrupt their own negative thought patterns and instead create lasting change, and they describe how great workplaces have surmounted very real difficulties with aplomb. Includes case studies, stories, tips, and tools for managers who want to transform their organizations From the experts at the Great Place to Work, a global research, consulting, and training firm that operates in nearly 50 countries Proves that any and every organization can change for the better when managers have the right tools and mindset Creating a place where people want to work and want to succeed is the primary key to success for every manager. No Excuses shows that managers in any organization can transform their workplace—if they'll only get out of their own way first.

Workplace performance expert Putzier offers 101 ways to make the workplace a more enjoyable and productive environment. In a lighthearted manner, he discusses how to change the tone and culture of a company with quick and often inexpensive ideas in order to improve employee morale, creative thinking, and work output. Other topics include attracting and retaining the best available talent, enhancing the company image, lowering stress, providing recognition and incentives, and implementing training and development strategies. Early childhood program administrators often have a global impression that things are going well or not so well at their centers, but lack specific feedback on the different policies and practices of the organization contribute to those impressions. This book will help you define more precisely how ten dimensions of organizational climate shape the quality of work life for staff. It will help you look at your program in terms of collegiality, opportunities for professional growth, supervisor support, clarity, reward system, decision making, goal consensus, task orientation, physical setting, and innovation. A Great Place to Work will help you learn how to gather data to measure and monitor your center's climate and implement strategies to guarantee bright and sunny days ahead.

This book discusses important issues of the day care profession. Topics include evaluation of the work place and the improvement of the day care environment for the benefit of staff, parents, and children. Organizational climate is considered in terms of the different types of early childhood programs and their relationship to current knowledge about individual and group behavior in organizations. Ten key dimensions of organizational climate that support professionalism are identified. An overview of the importance of assessing work attitudes focuses on both informal and formal assessments. The discussion also covers the ways in which day care directors can effectively promote a positive professional climate in their centers; these methods include: (1) encouragement of staff collegiality; (2) provision of opportunities for professional development; (3) feedback on teacher performance; (4) definition of roles and responsibilities; (5) the reward system; (6) staff involvement in decision-making; (7) staff involvement in determining program goals; (8) wise use of time; (9) setting of realistic work loads; (10) use of the physical environment to enhance job effectiveness; (11) encouragement of innovation and creativity. Included is a list of 115 references. (RJC)

1960. President Eisenhower was focused on Laos, a tiny Southeast Asian nation. Washington feared the country would fall to communism, triggering a domino effect in the rest of Southeast Asia. In January 1961, Eisenhower approved the CIA's Operation Momentum, a plan to create a proxy army of ethnic Hmong to fight communist forces in Laos. Kurlantzick shows how the brutal war lasted nearly two decades, killed one-tenth of Laos's total population, and changed the nature of the CIA forever.
