What is Reiki? The word "Reiki" means "mysterious atmosphere, miraculous sign." It comes from the Japanese words

and "ki" (life energy). Reiki is a type of energy healing. Energy healing targets the energy fields around the body. According to practitioners, energy can stagnate in the body where there has been physical injury or

Energy medicine aims to help the flow of energy and remove blocks in a similar way to acupuncture or acupressure.

been around for
thousands of years.
Its current form
was first developed
in 1922 by a
Japanese Buddhist

commonly referred
to as palm healing
