Daniel Berhane 10 June Member feedback about Tigrinya language: Retrieved 7 August Google announces yesterday adding 13 new languages including Ethiopias Amharic the second most widely sp. Addis Zemen Amharic-language newspaper begins publication.

With a particular focus on the role of situated actors, this book sheds light on the emergence and expansion of Salafism in Bale, Ethiopia from the late 1960s, through the Marxist period (1974-1991) before discussing the rapid expansion and fragmentation of the movement in the 1990s until 2006.

This book is a comprehensive analysis of the country's political history over the past three decades.

An array of essays explores how religion affected the ideological and military clashes around the globe during the 20th century's Cold War. Simultaneous. Book available.

In February 1937, following an abortive attack by a handful of insurgents on Mussolini's High Command in Italian-occupied Ethiopia, 'repression squads' of armed Blackshirts and Fascist civilians were unleashed on the defenseless residents of Addis Ababa. In three terror-filled days and nights of arson, murder and looting, thousands of innocent and unsuspecting men, women and children were roasted alive, shot, bludgeoned, stabbed to death, or blown to pieces with hand-grenades. Meanwhile the notorious Viceroy Rodolfo Graziani, infamous for his atrocities in Libya, took the opportunity to add to the carnage by eliminating the intelligentsia and nobility of the ancient Ethiopian empire in a pogrom that swept across the land. In a richly illustrated and ground-breaking work backed up by meticulous and scholarly research, Ian Campbell reconstructs and analyses one of Fascist Italy's least known atrocities, which he estimates eliminated 19-20 per cent of the capital's population. He exposes the hitherto little known cover-up conducted at the highest levels of the British government, which enabled the facts of one of the most hideous civilian massacres of all time to be concealed, and the perpetrators to walk free.

This book is about press development and freedom in Ethiopia, with a focus on the state media. It examines the political and social situations of the monarchy era, the Marxist military regime, and the current ethnic federalist regime, and analyzes the effects they had on the media.

Erstmals wird hier die Fülle der englischsprachigen Athiopienliteratur geordnet dargeboten. In 100 Sections führt der Autor alle für die wissenschaftliche Beschäftigung mit Äthiopien wichtigen Buch- und Zeitschriftenbeiträge zum Beispiel zur "History of Research", "Archaeology", "Religion", aber auch Fragen der "Sociology", "Agriculture", "Zoology" und "Medical Sciences" auf. Wie im Falle der deutschsprachigen Literatur ("Bibliographia Aethiopia: Die äthiopienkundliche Literatur des deutschsprachigen Raumes" = Äthiopistische Forschungen 9 [1982]) berücksichtigt der Autor auch alle ihm zugänglichen Besprechungen, womit bei einer Aufnahme von mehr als 24.000 Titeln eine Art "Bibliographic Encyclopedia" entstanden ist.

This book takes stock of political reform in Ethiopia and the transformation of Ethiopian society since the adoption of multi-party politics and ethnic federalism in 1991. Decentralization, attempted democratization via ethno-national representation, and partial economic liberalization have reconfigured Ethiopian society and state in the past two decades. Yet, as the contributors to this volume demonstrate, 'democracy' in Ethiopia has not changed the authority structures and the culture of centralist decision-making of the past. The political system is tightly engineered and controlled from top to bottom by the ruling Ethiopian Peoples' Revolutionary Democratic Front (EPRDF). Navigating between its 1991 announcements to democratise the country and its aversion to power-sharing, the EPRDF has established a de facto one-party state that enjoys considerable international support. This ruling party has embarked upon a technocratic 'developmental state' trajectory ostensibly aimed at 'depoliticizing' national policy and delegitimizing alternative courses. The contributors analyze the dynamics of authoritarian state-building, political ethnicity, electoral politics and state-society relations that have marked the Ethiopian polity since the downfall of the socialist Derg regime. Chapters on ethnic federalism, 'revolutionary democracy', opposition parties, the press, the judiciary, state-religion, and state-foreign donor relations provide the most comprehensive and thought-provoking review of contemporary Ethiopian national politics to date. This book is based on a special issue of the *Journal of Eastern African Studies*.

The Tigray People's Liberation Front (TPLF), founded as a small guerrilla movement in 1974, became the leading party in the Ethiopian People's Revolutionary Democratic Front (EPRDF). After decades of civil war, the EPRDF defeated the government in 1991, and has been the dominant party in Ethiopia ever since. Its political agenda of federalism, revolutionary democracy and a developmental state has been unique and controversial. Drawing on his own experience as a senior member of the TPLF/EPRDF leadership, and his unparalleled access to internal documentation, Mulugeta Gebrehiwot Berhe identifies the organizational, political and sociocultural factors that contributed to victory in the revolutionary war, particularly the Front's capacity for intellectual leadership. Charting its challenges and limitations, he analyses how the EPRDF managed the complex transition from a liberation movement into an established government. Finally, he evaluates the fate of the organization's revolutionary goals over its subsequent quarter-century in power, assessing the strengths and weaknesses the party has bequeathed to the country. *Laying the Past to Rest* is a comprehensive and balanced analysis of the genesis, successes and failings of the EPRDF's state-building project in contemporary Ethiopia, from a uniquely authoritative observer.
