unique lust-morphed-love romance novel about a steep age gap relationship. It was December 2009. A septuagenarian widower and a surgeon by trade, I was ready to retire and also leave the U.S. Five months beforehand, my life intersected with a drop-dead gorgeous lass. She was the 42-year-old Vronica (an 'e' less Veronica), a single mother of two kindergarten-age children. The sexual attraction between us was instantaneous. The revolting age difference (31-years) was not even noticed or discussed. Fast forward to five months of passionate love and lust sexcapades, the time for the last goodbye arrived. Before heading for the airport, Vronica handed me a sendoff card dated May 23rd, 2010, that ended with a few words of enchantress wisdom. 'Darling, we both know that this will not be a final goodbye! I am leaving it open-ended and breathlessly wait for your return!' Fourteen hours later, I was standing on the revered grounds of the Promised Land, 7500 miles away from my heart I left behind in Los Angeles. My sexual bonanza morphed into feelings of deep love doomed by an unbridgeable separation. After weeks of phone calls, text messages, emails, and Skype-sex, Vronica arrived to be with me for my 74th birthday. The twelve days of an insane honeymoon ended with her returning to her motherly duties. In a deep slump, I admitted I would not want to live without her. After lengthy reflections and back-and-forth deliberations, Vronica agreed with my plan to return for a trial time. A short time after that, I re-crossed a sea, an ocean, and two continents to rejoin her in the City of Angels. My brief visit became permanent, and the rest is history, as they say. On December 20th, 2019, we celebrated a decade of a loving and lusting togetherness. Not time

or the 31-year age difference separated us. Her sorcerer's premonition, expressed in her farewell card, proved her right. P.S. To pen sentences on paper or screen was never my cup of tea. Vronica and I have a unique and implausible tale of love and lust that attested that genuine love has no age limits. Therefore, it should come at no surprise that this time, I couldn't resist sharing this true romantic tale with the public at large. Hence, the concept of this book was born.

legendary teacher, “proving . . . that true art is moral and not trivial” (Los Angeles Times). Novelist John Gardner’s thesis in *On Moral Fiction* is simple: “True art is by its nature moral.” It is also an audacious statement, as Gardner asserts an inherent value in life and in art. Since the book’s first publication, the passion behind Gardner’s assertion has both provoked and inspired readers. In examining the work of his peers, Gardner analyzes what has gone wrong, in his view, in modern art and literature, and how shortcomings in artistic criticism have contributed to the problem. He develops his argument by showing how artists and critics can reintroduce morality and substance to their work to improve society and cultivate our morality. *On Moral Fiction* is an essential read in which Gardner presents his thoughtfully developed criteria for the elements he believes are essential to art and its creation. This ebook features an illustrated biography of John Gardner, including original letters, rare photos, and never-before-seen documents from the Gardner family and the University of Rochester Archives.

The population over age 50 is larger than ever in history. According to the U.S. Census Bureau, 32.1 percent of the U.S. population were age 50 and over in 2011. This demographic is also healthier, more aware, more youthful, and more vocal than any previous older generation. Thanks to ongoing medical discoveries, the sexual revolution, and the Internet, today’s seniors are also sexier than ever — or at least they’re now willing to talk and ask about sex as never before. They are the generation that discovered clitoral orgasms, vibrators, and Viagra, and there’s no

From the award-winning author of *The Tunnel* and *Finding a Form--four interrelated novellas that explore Mind, Matter, and God*. In the first novella, Gass redefines Descartes' philosophy. God is a writer in a constant state of fumble. Mind is represented by a housewife who is a modern-day Cassandra. And Matter is, what (and who) else but the helpless and confused husband of Mind. In the novella that follows, the concept of salvation is explored through material possessions--a collection of kitsch--as a traveling businessman is slowly lost in the sheer surfeit of matter in a small Illinois town. In another, Gass explores the mind's ability to escape. A young woman growing up in rural Iowa finds herself losing touch with the physical world as she loses herself in the poetry of Elizabeth Bishop. And in "The Master of Secret Revenges," God appears in the form of Descartes' evil demon, Lucifer, as Gass chronicles the life of a young man named Luther and his

development from his devilish youth to his demonic adulthood. A profound exploration of good and evil, philosophy and action, filled with the wit and style that have defined the work of William Gass.

The story of an American woman's love affair with Japan and her intimate relationships with the many men and women she meets along the way.
