11 The forthcoming  
replacements to the US Air  
Force VC-25A, also known as  
Air Force One, are not a  
cheap project. Today it has  
been revealed that just the  
manuals alone will cost the  
US Air Force more than \$80m!  
While that's a fraction of  
the cost of the overall \$5bn  
plus project, it's still a  
heck of a lot for a book.
