Named one of the ten best books of the year by the Chicago Tribune A Publishers Weekly best book of 2019 | A 2019 NPR Staff Pick A pathbreaking history of the United States' overseas possessions and the true meaning of its empire We are familiar with maps that outline all fifty states. And we are also familiar with the idea that the United States is an "empire," exercising power around the world. But what about the actual territories—the islands, atolls, and archipelagos—this country has governed and inhabited? In *How to Hide an Empire*, Daniel Immerwahr tells the fascinating story of the United States outside the United States. In crackling, fast-paced prose, he reveals forgotten episodes that cast American history in a new light. We travel to the Guano Islands, where prospectors collected one of the nineteenth century's most valuable commodities, and the Philippines, site of the most destructive event on U.S. soil. In Puerto Rico, Immerwahr shows how U.S. doctors conducted grisly experiments they would never have conducted on the mainland and charts the emergence of independence fighters who would shoot up the U.S. Congress. In the years after World War II, Immerwahr notes, the United States moved away from colonialism. Instead, it put innovations in electronics, transportation, and culture to use, devising a new sort of influence that did not require the control of colonies. Rich with absorbing vignettes, full of surprises, and driven by an original conception of

Access Free Americans Section 1 Guided Imperialism America

what empire and globalization mean today, *How to Hide an Empire* is a major and compulsively readable work of history.

Was the relationship between English settlers and Native Americans in the New World destined to turn tragic? This book investigates how the newcomers interacted with Algonquian groups in the Chesapeake Bay area and New England, describing the role that original Americans occupied in England's empire during the critical first century of contact. Michael Leroy Oberg considers the history of Anglo-Indian relations in transatlantic context while viewing the frontier as a zone where neither party had the upper hand. He tells how the English pursued three sets of policies in America--securing profit for their sponsors, making lands safe from both European and native enemies, and civilizing the Indians--and explains why the British settlers found it impossible to achieve all of these goals. Oberg places the history of Anglo-Indian relations in the early Chesapeake and New England in a broad transatlantic context while drawing parallels with subsequent efforts by England as well as its imperial rivals--the French, Dutch, and Spanish--to plant colonies in America. *Dominion and Civility* promises to broaden our understanding of the exchange between Europeans and Indians and makes an important contribution to the emerging history of the English Atlantic world.

Originally published in Spanish in 1992, this is an examination of economic relations between Spain and Spanish America in the colonial period, and of their implications for the economic structures of both parties from the beginning of Spanish imperialism until the outbreak of the Spanish-American revolutions for independence.

In a work of unprecedented scope, Thomas D. Schoonover combines exhaustive multicountry archival research with a sophisticated theoretical framework grounded in world systems theory to elucidate the relations between the United States and Central America in the late nineteenth and early twentieth centuries. Schoonover's archival research in Central America, Europe, and the United States encompasses public, business, organizational, and individual records. In analyzing this material, Schoonover applies a world systems theory approach with that of social imperialism and dependency theory to underscore the broad, multistate dimension of international affairs. In exploring the international history of Central America, Schoonover describes the role of personalities such as John C. Frémont, Otto von Bismarck, Theodore Roosevelt, Manuel Estrada Cabrera, and José Santos Zelaya; the impact of railroad building and canal projects; and the role of pan-Americanism, nationalism, racism, and anti-Americanism.

Access Free Americans Section 1 Guided Imperialism America

The bestselling author of *Overthrow* and *The Brothers* brings to life the forgotten political debate that set America's interventionist course in the world for the twentieth century and beyond. How should the United States act in the world? Americans cannot decide. Sometimes we burn with righteous anger, launching foreign wars and deposing governments. Then we retreat—until the cycle begins again. No matter how often we debate this question, none of what we say is original. Every argument is a pale shadow of the first and greatest debate, which erupted more than a century ago. Its themes resurface every time Americans argue whether to intervene in a foreign country. Revealing a piece of forgotten history, Stephen Kinzer transports us to the dawn of the twentieth century, when the United States first found itself with the chance to dominate faraway lands. That prospect thrilled some Americans. It horrified others. Their debate gripped the nation. The country's best-known political and intellectual leaders took sides. Theodore Roosevelt, Henry Cabot Lodge, and William Randolph Hearst pushed for imperial expansion; Mark Twain, Booker T. Washington, and Andrew Carnegie preached restraint. Only once before—in the period when the United States was founded—have so many brilliant Americans so eloquently debated a question so fraught with meaning for all humanity. All Americans, regardless of political perspective, can take

Access Free Americans Section 1 Guided Imperialism America

inspiration from the titans who faced off in this epic confrontation. Their words are amazingly current. Every argument over America's role in the world grows from this one. It all starts here.

This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which - for better or worse - lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

It's the revolutionary American history study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace American History . . . covers Native Americans to the war in Iraq. There are units on Colonial America; the Revolutionary War and the founding of a new nation; Jefferson and the expansion west;

Access Free Americans Section 1 Guided Imperialism America

the Civil War and Reconstruction; and all of the notable events of the 20th century—World Wars, the Depression, the Civil Rights movement, and much more. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

The Schlager Anthology of the Gilded Age and Progressive Era offers a modern, original sourcebook covering a pivotal era in U.S. history. From the creators and publishers of Milestone Documents in American History, this new title is built on the principles of inclusivity and accessibility. While presenting the essential primary sources from the

Access Free Americans Section 1 Guided Imperialism America

Gilded Age and Progressive Era, from the Reconstruction amendments to the Sherman Anti-Trust Act to Plessy v. Ferguson, this anthology also emphasizes often-marginalized voices, from women to immigrants to Native Americans, Asian Americans, and African Americans. In addition, document texts are abridged to remain brief and accessible, even to struggling readers (including ESL students), while activity questions range in difficulty from basic to more advanced. Edited by Jennifer Koshatka Seman (*Borderlands Curanderos: The Worlds of Santa Teresa Urrea and Don Pedrito Jaramillo*, Univ. of Texas Press) and featuring the contributions of numerous scholars, *The Schlager Anthology of the Gilded Age and Progressive Era* covers 80 milestone sources from this period of American history. *An Inclusive Approach The Schlager Anthology of the Gilded Age and Progressive Era* includes all of the classic documents from this era while also emphasizing a wide spectrum of voices and perspectives, including visual sources. Chapter 1 ("Reconstruction, Post-Reconstruction, and the Jim Crow South") focuses on the triumph and ultimate tragedy of Reconstruction and the white southern reaction to it. The volume opens with Jourdan Anderson's letter to his former slave owner, before covering the Sharecropper Contract and Mississippi Black Codes in 1865. The three Reconstruction Amendments are included, as are indelible images such as Thomas Nast's "Worse Than Slavery" and the Lynching of C.J.

Access Free Americans Section 1 Guided Imperialism America

Miller. The unit then covers two iconic figures from African American history: Booker T. Washington and W.E.B. Du Bois. In Chapter 2 ("Industrialization, Immigration, and Labor in the City," students and researchers will find coverage of the increasing urbanization of America and its many ills; the reactions to that development via Progressive legislation; the battle over alcohol use and abuse; immigration battles; and the growing importance of organized labor. Here the anthology covers well-known acts such as the Chinese Exclusion Act, little-known voices such as Bettie Gay ("The Influence of Women in the Alliance") and Anzia Yezierska (Bread Givers), and famous images from the muckraking journalist Jacob Riis. Chapter 3 covers imperialism and Westward expansion, through an in-depth look at the destruction of Native American communities. From Chief Joseph to Zitkala-Sa and Black Elk, the unit presents essential voices of the loss of Native American sovereignty. Also included in this chapter are images documenting the Wounded Knee Massacre and the advent of Indian boarding schools, plus sources covering the U.S. imperialism via the war in the Philippines. The volume concludes with a focus on the Progressive Era in Chapter 4. Students and researchers are presented with major legislation via the Pure Food and Drug Act as well as important articles from Progressive figures such as Florence Kelley, Ida B. Wells, and Jane Addams. A Focus on Accessibility The Schlager

Access Free Americans Section 1 Guided Imperialism America

Anthology of the Gilded Age and Progressive Era features carefully curated primary sources along with highly targeted activities to help students engage with and analyze primary documents from this important era. Document texts are carefully abridged to remain brief and accessible, even to struggling readers (including ESL students), both at the high school as well as early college levels. The commentary that accompanies each source is simple and straightforward. First, a fact box contains the key information about the source: document title, author name, date, document type, and a brief statement of the document's significance. Next, each document includes a concise overview section that places the source in its proper historical context. Following the document text is a list of activity questions that prompt students to think more deeply about the source and its meaning and impact, as well as a glossary that defines any unfamiliar words or references in the document text. Other Features In addition to the nearly 70 sources and accompanying commentary, The Schlager Anthology of the Gilded Age and Progressive Era includes chapter introductions and Further Readings sections for each of the four chapters in the set. The set also features a comprehensive subject index and an appendix of document categories. The Schlager Anthology of the Gilded Age and Progressive Era represents a modern approach to historical reference. It is an essential resource for students,

Access Free Americans Section 1 Guided Imperialism America

researchers, and teachers of this important era in U.S. history and is appropriate for high school, academic, and public libraries.

2020 American Indian Youth Literature Young Adult Honor Book 2020 Notable Social Studies Trade Books for Young People, selected by National Council for the Social Studies (NCSS) and the Children's Book Council 2019 Best-Of Lists: Best YA Nonfiction of 2019 (Kirkus Reviews) · Best Nonfiction of 2019 (School Library Journal) · Best Books for Teens (New York Public Library) · Best Informational Books for Older Readers (Chicago Public Library) Spanning more than 400 years, this classic bottom-up history examines the legacy of Indigenous peoples' resistance, resilience, and steadfast fight against imperialism. Going beyond the story of America as a country "discovered" by a few brave men in the "New World," Indigenous human rights advocate Roxanne Dunbar-Ortiz reveals the roles that settler colonialism and policies of American Indian genocide played in forming our national identity. The original academic text is fully adapted by renowned curriculum experts Debbie Reese and Jean Mendoza, for middle-grade and young adult readers to include discussion topics, archival images, original maps, recommendations for further reading, and other materials to encourage students, teachers, and general readers to think critically about their own place in history.
