authors, all authors' names are cited in the References List entry. When an article has eight or more authors list the first six authors followed by three spaced ellipse points (. . .) , and then the last author's name.

Journal Articles - APA Style (6th Edition) Citation Guide ...

If a journal article has a DOI, include the DOI in the reference. Always include the issue number for a journal article. If the journal article does not have a DOI and is from an academic research database, end the reference after the page range (for an explanation of why, see the database information page). The reference in this case is the same as for a print journal article.

Journal Article References - APA Style

Print: If you viewed a journal article in its print format, be sure to check if it has a DOI listed. If it does not, your reference to the article would end after you provide the page range of the article. Date: When possible, include the year, month, and date in references. If the month and date are not available, use the year of publication.

Journal Article with 3 or More Authors - APA Format ...

APA style dictates that brackets should directly surround their content without spaces (e.g., [bracketed content] should look like this). When possible, include
