A bloodstone dagger to ward off evil... In a matter of weeks, Savannah Cross has ascended, overcome a prince of darkness, and lost one whom she loved. Her powers have become a liability in the wake of her shattered world. Her rapid descent into a delusional vortex has made her unable to tell fantasy from reality. She knows her visions cannot be real and yet are as unquestionable as the air she breathes. Her only solace is the demise of the evil that would have destroyed her loved ones, but can evil ever truly die? Willow watches as Savannah spirals into chaos, but is unable to help. She must answer Death's ultimatum with one of her own. How will she leave behind everything to embrace a sisterhood of immortals, who do not accept her? Savannah must pull herself from the dark void that has invaded her soul, while Willow must learn to embrace the hell-bound within, because an evil has awakened to avenge hell's lost prince. Will they be strong enough to face the wrath of hell?

Abused but not beaten, I will break the curse. With the reason behind her mother's death revealed, it's a race for Eloise to exact her revenge and prevent her stepsisters from marrying the prince. However, amidst the glittering jewels and colorful ball gowns, the royal court holds secrets of its own that will devastate Eloise and strike a final blow to her plans. Betrayed by the one person she thought she could trust, Eloise questions how far she's willing to go for revenge. After all, in the game of kingdoms, everyone is a pawn.

So, there's this dragon. Well, it's not a real dragon, more of a, um, virtual dragon. The Thaumaturgical Physicists of Losa Llamas want it as security. Their real mistake was employing Cheiro Mancini, alchemist and Virtual Ecology Technician (VET for short), to install it. I mean, if it wasn't for him the Scroles wouldn't have been disturbed, and the Damnations would have stayed under control, and as for the Prime Evil ... In 101 Damnations, Andrew Harman introduces a whole new set of characters to the twin kingdoms of Rhyngill and Cranachan - and proves that they are just as incompetent as his previous heroes!

Sublime service, made to order. The Flesh Cartel: An international, multi-billion-dollar black market that trades in lost souls. Or more specifically, their bodies. Highly organized and frighteningly efficient, the Flesh Cartel could teach even the KGB a thing or two about breaking a human mind. Fortunately for their ultra-rich clients, they're just as skilled at putting people back together again - as perfect pets, well-trained and eager to please. No matter what your secret tastes or dark desires, the Flesh Cartel - for the right price, of course - will hand-design the plaything of your dreams. READER DISCRETION ADVISED.

HELL ROAD In the ruins of a nuke-shattered America, every man, woman and child of the apocalyptic frontier makes a perilous journey to the future. But there is a fork that divides the path toward humanity reborn...and the road deep into the hell that is Deathlands. Ryan Cawdor made his choice long ago, in this barbaric new world that conspires against hope... MONSTERS, MUTIES AND FREAKS Eerie remnants of pre-Dark times linger a century after the nuclear blowout. But a traveling road show gives new meaning to the word chilling. Ryan and his warrior group have witnessed this carny's handiwork in the ruins and victims of unsuspecting villes. Even facing tremendous odds does nothing to deter the companions from challenging this wandering death merchant and an army of circus freaks. And no one is aware that a steel-eyed monster from the past is preparing a private act that would give Ryan star billing... In the Deathlands, all you get is a one-way ticket.

"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

In this story Faith, Hope, and Justice battle demons known and unknown, reaching toward a future of promised liberty. How do we each find our freedom? How does a caged heart love?

This breathtaking novel, set in the early years of Israeelite nationhood, tells the story of Bat-Shachar, a teenage girl gifted with beauty and intellect, who is languishing in the household of her strict father, a prominent Israelite scholar. Intimidated by Bat-Shachar's coming of age, her father grows aloof. He scrutinizes her every action and his discipline is humiliating and heavy-handed, driving her from home. In the company of the family's Canaanite maidservant, Bat-Shachar happens upon pagan rituals and the visions she witnesses shake her to the core of her existence. Soon her path intertwines with that of Tzuriel, a young metalworking apprentice who witnessed his people butchered by marauders, and together they race towards a city of refuge as bloodthirsty enemies pursue them relentlessly.
