Chapter 53 Community  
Ecology Lecture Outline

. Overview: What Is a  
Community? A  
community is defined as  
an assemblage of  
species living close  
enough together for  
potential interaction.  
Communities differ in  
their species richness,

# Download File PDF Chapter 54

the number of species they contain, and the relative abundance of different species.

Chapter 53 -
