OAPEN Library - Charting the Future of Translation History

One of the effects of translating a historical text years, even hundreds of years after its initial publication is the continued life given to it by the translation. The work lives on in its translation. The voices contained within the text are revived and returned to circulation. We shall see this occur in Janet Whatley's 1990 translation of a book first published in 1578, Jean de L\u00e9ry's ...
