This introductory atlas for secondary school students aged 11-14 is designed to help students develop map, atlas and data handling skills. The content adheres closely to the requirements of the National Curriculum and incorporates results of classroom testing. Its clear and accessible layout will motivate pupils of all abilities at Key Stage 3 and S1-S2. An easy to follow introductory 'map and atlas skills' section, useful for both teacher and pupil, is followed by clear, easy to read reference maps presented with locator maps, fact boxes and flags, descriptive text, detailed map keys and photos. Carefully selected focus country studies include mapping on contrasting regions and special topics. The latest available country-by-country statistics are listed in a separate section and the index includes full latitude and longitude values. The extended world section in this edition covers all the global issues required by the National Curriculum e.g. climate, population, biomes, earthquakes and volcanoes. Colour coding of the titling and marginalia aids the identification of the sections within the atlas.

'Collins Student World Atlas', specifically designed for students aged 14 to 16, features 128 pages of reference and thematic mapping, 8 pages of World country-by-country statistics and a fully comprehensive index to all names appearing on the reference maps.

Prepared specifically to support social studies, map skills, early geography skills plus history and heritage topics in Trinidad and Tobago. The atlas is fully illustrated and includes the most up to date reference and thematic mapping of Trinidad and Tobago, countries within the Caribbean Community and the broader Caribbean region. Maps are fully supported with illustrations, photographs and data. World maps cover international issues which have a bearing on Caribbean development.

Collins First Atlas is a fun, vibrant and clear starter atlas for 4-6 year olds which provides an introduction to basic geographical and atlas vocabulary.This first atlas introduces the younger pupil to photographs and mapping of a local area. From this beginning the atlas gradually maps through regional, national, continental and world regions with global views of the wider world. Carefully selected map labels highlight certain countries or features which can be easily identified to illustrate the concept of mapping as it becomes more complex. All maps are supported with short informative sentences which use a basic geographical vocabulary.

An introductory atlas for secondary schools, perfectly designed to support and motivate students in geographical and mapping skills. An easy to follow introductory 'map and atlas skills' section, useful for both teacher and pupil, is followed by clear, easy to read reference maps presented with locator maps, fact boxes and flags, descriptive text, detailed map keys and photos. Carefully selected focus country studies include mapping on contrasting regions and special topics. The latest available country-by-country statistics are listed in a separate section and the index includes full latitude and longitude values. The extended world section in this edition covers such global issues as climate, population, biomes, earthquakes and volcanoes. Color coding of the titling and marginalia aids the identification of the sections within the atlas.

Fully revised and updated for 2021, this curriculum-supportive world atlas is the perfect tool for students aged 14-16 years (Key Stage 4, GCSE).

Understand the world today through maps; find places in the world, explore countries, get to grips with graphs and discover world themes.

This is an introductory atlas for secondary schools, perfectly designed to support and motivate Key Stage 3 students in geographical and mapping skills. Clear reference mapping with detailed keys are supported by fact boxes and photographs.
