June 21, 2018. Special needs can mean many things — from thriving with a condition that challenges a single aspect of daily life to coping with something that forces you to learn a new normal. The term “ special needs ” is used to describe a person with a physical or emotional difficulty or difference that requires more assistance or specialized services.

Special Needs: Defining And Understanding The 4 Types ...

Special education (also known as special-needs education, aided education, exceptional education, special ed. or SPED) is the practice of educating students in a way that addresses their individual differences and special needs. Ideally, this process involves the individually planned and systematically monitored arrangement of teaching procedures, adapted equipment and materials, and accessible settings.

Special education - Wikipedia

Special education, also called special needs education, the education of children who differ socially, mentally, or physically from the average to such an extent that they require modifications of usual school practices. Special education serves children with emotional, behavioral, or cognitive impairments or with intellectual, hearing, vision, speech, or learning disabilities; gifted children with advanced academic abilities; and children with orthopedic or neurological impairments.
