Welcome to my page of solutions to "Introduction to Algorithms" by Cormen, Leiserson, Rivest, and Stein. It was typeset using the LaTeX language, with most diagrams done using Tikz. It is nearly complete (and over 500 pages total!!), there were a few problems that proved some combination of more difficult and less interesting on the initial ...

Cormen Solutions - sailingsolution.it

I am currently reading Cormen's famous Introduction to Algorithms book. However, I do not have a resource where I can verify my solutions to the exercises. I've tried to find something on Google, but everything I find is for the 2nd edition whereas I have the 3rd. Some problems are similar, but some aren't. I'd like to have a solutions manual for this specific book.
