Connections among theory, research, and practice are the heart and soul of criminology. This book offers a comprehensive and balanced introduction to criminology, demonstrating the value of understanding the relationships between criminological theory, research, and practice in the study of crime and criminal behavior. Utilising a range of case studies and thought-provoking features, it encourages students to think critically and provides a foundation for understanding criminology as a systematic, theoretically grounded science. It includes: A comprehensive overview of crime in American society, including the nature and meaning of crime and American criminal law as well as the scientific study of crime, A concise, straightforward, and practical approach to the study of the American criminal justice system and its various components, including individual chapters on police, courts, and corrections, An overview of criminological theory, including classical, biological, psychological and sociological approaches, A survey of typologies of criminological behavior including interpersonal violent crimes, property crime, public order crime, organized and white collar crime, state crime, environmental harm and cybercrime, Concluding thoughts exploring challenges facing criminal justice policy and the future of criminological theory. This new edition has been thoroughly revised and updated and includes brand new chapters on corrections, courts, criminal law, law enforcement, and technology and cybercrime. It is packed with useful and instructive features such as themed boxed case studies in every chapter, critical thinking

Criminological Theory: The Essentials sheds light on some of history's most renowned criminologists and their theories. In addition, policy implications brought about by theoretical perspectives that have developed from recent critical work, together with practical applications, compel the reader to apply theories to the contemporary social milieu.

Bringing together the voices of researchers and teachers, this volume addresses how teachers connect theory to practice in the middle school English Language Arts education setting and explores how to teach and engage with young adults in a way that treats them as ethical and thoughtful citizens. The book bridges the gap between educational theory and real-world implementation and covers a range of timely topics in middle level education through a focus on text choice, identity, and practice. Contributors acknowledge and balance the challenges associated with the reality of teaching, including time constraints, sudden shifts, and fast-paced work, with real-world guidance on key topics, such as supporting multilingual students, queering middle grade pedagogies, teaching diverse texts, examining racial bias in the classroom, and critical digital literacy. Ideal for courses on middle level education and literacy education, this book encourages and equips pre-service teachers to engage in meaningful conversations with their students that

foster reflection and transformative learning.

Across America, crime is a consistent public concern. The authors have produced a comprehensive work on major criminological theories, combining classical criminology with new topics, such as Internet crime and terrorism. The text also focuses on how criminology shapes public policy.
