Daddy Duty was a brief break from the apocalyptic mayhem of the Nate Temple Supernatural Thriller Series. Of course, Shayne Silvers has injected humor, mischief, calamity and introduced new characters to the Templeverse. Cultural references aimed at the target sci-fi readers born around the early 1970's were hysterical. I am enjoying this series.

The Six Healing Sounds that keep the vital organs in optimal condition • Presents vocalizations and accompanying postures that dissolve the tensions at the root of unhealthy chi flow and organ malfunction • Shows how to release excess heat trapped around the organs and redistribute it to cooler regions of the body to bring balance, health, and calmness to the entire system Thousands of years ago Taoist masters discovered that a healthy organ vibrates at a particular frequency. They found six sounds with the correct frequencies to keep each organ in optimal condition. To accompany these Six Healing Sounds, six postures were developed to activate the acupuncture meridians, or energy channels, of the corresponding organs. In The Six Healing Sounds Master Mantak Chia explains how the pressures of modern life can cause excess heat to become trapped around the organs, causing energy blockages and sickness. He shows readers how the vibrations of the Six Healing Sounds and their accompanying postures redistribute this excess heat to the cooler regions of the body, thereby stimulating and balancing chi energy and restoring the vital organs. Regular practice of the Six Healing Sounds promotes optimal health for the organs, increased sexual pleasure, emotional balance, and the prevention of illness.

A Wizard, an Angel, and a Horseman of the Apocalypse walk into a bar... The ancient pact between mankind, Heaven, and Hell has been broken. And this upstart wizard's quest for vengeance may have just kicked off Armageddon. So, time for a drink... or maybe two. Already plagued with sinister night terrors that could qualify him as a card-carrying psychopathic insomniac, Nate can barely even manage to put his pants on in the morning, let alone pick teams for the Apocalypse. But when he's framed as a demon sympathizer, condemned by the Armies of Heaven, and hunted down by both his allies and the Four Horsemen, this wizard doesn't think it can get any worse... Then they take away his magic. And a wizard without magic stands no chance against the forces of Heaven and Hell... If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the second installment of The Nate Temple Supernatural Thriller series.

A former nanny offers insight into the unrealized crucial roles nannies provide for their employers, drawing on interviews with nannies throughout the country while focusing on the experiences of three women from very different walks of life whose personal goals became irrevocably intertwined with those of the families they aided. In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney ' s films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

My resume is pretty full: I've cow-tipped the Minotaur, decimated a gang of weredragons, sucker-punched an Angel, and eaten pancakes with the Four Horsemen of the Apocalypse.. I've kidnapped one of the most powerful wizards on the planet, and slaughtered the Brothers Grimm. I'm kind of a big deal. But I never thought I'd find myself at a crossroads, a pawn in a deadly game that I hadn't known existed, willing to sell my soul to save the life of someone I loved... That's when I learned true fear, because the world I thought I knew was all just smoke and mirrors, and I was just a puppy playing amongst wolves... If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the fifth installment of The Amazon Bestselling Nate Temple Supernatural Thriller series.
