Diplomatic Bag: An Anthology of Diplomatic Incidents ...

A diplomatic bag, also known as a diplomatic pouch, is a container with certain legal protections used for carrying official correspondence or other items between a diplomatic mission and its home government or other diplomatic, consular, or otherwise official entity. The physical concept of a "diplomatic bag" is flexible and therefore can take many forms. Additionally, a diplomatic bag usually has some form of lock and/or tamper-evident seal attached to it in order to deter or detect interferen

Based on the premise that terrorism is essentially a message, Terrorism and Communication: A Critical Introduction examines terrorism from a communication perspective—making it the first text to offer a complete picture of the role of communication in terrorist activity. Through the extensive examination of state-of-the-art research on terrorism as well as recent case studies and speech excerpts, communication and terrorism scholar Jonathan Matusitz explores the ways that terrorists communicate messages through actions and discourse. Using a multifaceted approach, he draws valuable insights from relevant disciplines, including mass communication, political communication, and visual communication, as he illustrates the key role that media outlets play in communicating terrorists' objectives and examines the role of global communication channels in both spreading and combating terrorism. This is an essential introduction to understanding what terrorism is, how it functions primarily through communication, how we talk about it, and how we prevent it.

'Soft power' is an oft-used term and commands an instinctive understanding among journalists and casual observers, who mostly interpret it as 'diplomatic' or somehow 'persuasive'. 'Hard power' is seen, by contrast, as something more tangible and usually military. But this is a superficial appreciation of a more subtle concept - and one key to Britain's future on the international stage. Britain's Persuaders is a deep exploration of this phenomenon, using new research into the instruments of soft power evident in British society and most relevant to the 2020s. Some, like the British Council or the BBC World Service, are explicitly intended to generate soft power in accordance with governmental intentions; but rather more, like the entertainment industries, sport, professional regulatory bodies, hospitality industries or education sectors have more penetrating soft power effects even as they pursue their own independent or commercial rationales. This book conducts an up-to-date 'audit' of all Britain's principal sources of soft power. Situating its analysis within the current understanding of the 'smart power' of nation states – that desire to employ the full spectrum of policy instruments and national characteristics to achieve policy outcomes, specifically in the context of 'Brexit Britain' where soft power status is certain to loom larger during the 2020s.

Copiously documented, The Cicero Spy Affair provides readers with the true chronology of events and places them in an international context."--Jacket.

Complementing other published works about travel by nineteenth-century women writers by locating and creating ' space ' for Japan is missing within recent critical discourses on travel writing, it examines narratives of women writers who travelled to Japan from the mid-1850s onwards, and became a highly desirable travel destination thereafter.

See international law in action with FUNDAMENTAL PERSPECTIVES ON INTERNATIONAL LAW! Comprehensive yet easy-to-understand, this political science text enhances your understanding of key topics in international law through a mix of cases, articles, documents, text, charts, tables, and questions.
