The Physicists

is a satiric drama written in 1961 by Swiss writer Friedrich Dürrenmatt. Informed by the Second World War and the many recent advances in science and nuclear technology, the play deals with questions of scientific ethics and humanity's ability to handle its intellectual responsibilities. It is often recognized as his most impressive yet most easily understood work.

The Physicists - Wikipedia

Friedrich Durrenmatt was born in Switzerland in 1921 and has long been considered one of the world's leading German-language playwrights. His plays have received international acclaim, with *The Visit*, *Romulus the Great*, and *The Physicists* having been performed on Broadway and in major capitals throughout the

It is every bit as good and relevant today as it would have been when it was first unleashed in 1962. With a Cold War looming and threats of nuclear war off in the distance Durrenmatt's The Physicists proves the equation that good writing will live on indefinitely through time and space. Read it and prove me wrong.

The Physicists

Physicists (Die Physiker), is a satiric comedy in two acts by Swiss playwright and author Friedrich Dürrenmatt. The story concerns three physicists in a mental asylum, each of whom is pretending to be insane for their own purposes. The Physicists is influenced by the history and scientific progress of the atomic age: from the devastating bombing on Japan during WWII to the growing global tension surrounding the nuclear arms race during the Cold War.
