Iris Gattegno Tarbuk, a well-known spiritual medium, a soul reader, a person who can see deeper and farther, who is close to the otherworld, shows in this book that the ideal of genuine, true love can be achieved by everybody. how to keep it. Iris speaks about the spiritual nature of love between a man and a woman. The love which only a medium can see both in the known and the other world, in the eternal journey of searching for and finding soul mates. She speaks of happy and unhappy, long and short destinies and contacts of lovers and their carnal union with energies exchange through sex, which is the most powerful magic existing in the universe. This book is "food for the soul," inspirational and meditative reading, and a manual with concrete advice, too. To the unloved, lonely, left, and to those deprived of their loved

partner by death, Iris gives instructions, prayers and meditations how to cleanse their hearts and find their true love, how to remain in the relationship. To the couples who love each other, she gives advice how to cherish and nourish their love, how to keep their relationship happy. Speaking about love, Iris primarily discriminates between true love and love delusions. True love joins soul mates and brings them life happiness, while love delusions result in misery, sadness, distress, disappointed people, destroyed families and unhappy children. When she talks about adultery and forgiveness,

about marriage triangles and other temptations in love, she overcomes moralizing, politicizing and debating resulting from different perspectives. This book primarily aims at helping all people to find their true love - regardless of their world view, religious persuasion, sexual orientation, sex, age, appearance, health, nationality... Through pages of this book, she communicates her spiritual insights to her readers and develops her spiritual experience giving concrete instructions how to attract the person with whom such love is possible, how to meet one's soul mate. The

central theme of this book is the concept of love. Love is perfect both in its content and form, it does not allow for any calculations and limitations. In this book, Iris answers two key questions about happiness in life: how to find love and how to keep it.
