"The Essential Guide to Recruitment is a step-by-step practical guide to the recruitment process. It provides advice for successive recruitment, beginning with advertising the post, through interviewing candidates, to making an appointment, and beyond to the all-important first six months of employment." "Based on experience and good practice, each chapter contains examples, tips and practical exercises. The Essential Guide to Recruitment covers selection, induction and retention; applicant profiling; how and where to advertise vacancies; assessing candidates' performance; readymade interview questions and how to ask them; the induction of new employees; and best practice checklists."--BOOK JACKET.

A cliché it may be but we are living in ever more turbulent times. Business decision-making has become more challenging and unpredictable than ever: we see unforeseen and often cataclysmic changes in consumer demand, both at home and in export markets; customers continue to demand more, more quickly and for less; new laws and regulations abound; competitors steal loyal customers; and, increasingly, the advice that once could be found from a 'Small Business Adviser' has been replaced by a call centre. Hand in hand with these challenges, the risks associated with expansion, or a new strategy, have grown significantly. In the context of a small business, where a manager has not necessarily had the breadth of experience of someone in a larger organization or formal management learning, they can seem extremely daunting. This book addresses the issues confronting managers/owners of SMEs by providing practical, jargon-free advice on which a SME can create a sound platform from which to prosper. * Uncomplicated and jargon free to appeal to the SME director or manager who has little time to read * Can be used as a continuous read or a source of ideas for dealing with the day-to-day problems of running and growing a small business * Based on the practical experience of the authors with examples taken from consulting practice

How ambitious are you? Do you have a career plan? Are your skills up-to-date? Where do you want to be in three, five or ten years' time? This book is an essential read for any information professional eager to prosper in the library and information environment of the 21st century. It offers guidance on managing every stage of your career, whether you are a new entrant to the profession wishing to know how to get a foot on the ladder, an information professional in mid-career wishing to progress, or a candidate for a more senior position needing a view of the current state of the profession. Since publication of the first edition there have been a number of changes in employment law, and in the range of skills - online, linguistic, negotiating and consultancy, for example - required for an information

professional to be able to deliver the information services of the future. Making full use of case studies, summaries, further readings and referrals to websites and other sources of practical help, this indispensable guide offers advice on:
Challenges and changes in employment for LIS professionals
Acquiring new types of skills
Your master career plan
Starting your career in information work
Applying for a job
Your successful interview
Going for promotion
Looking sideways.
Readership: This is an essential deskbook to explore if you are an information professional in any sector and at any level wishing to learn the skills and techniques to sell yourself with confidence to current and future employers.

An Essential Guide to American Politics and the American Political System by Kenneth Hill clarifies many of the trends influencing American politics today. You will find in this book a clear analysis of the underlying structure of the American political system, emerging trends, and enduring problems. The book analyzes both continuity and change in American politics and the interaction between the two. Voters, to take one example, now have multiple sources to gather and evaluate political information. The result is often confusion rather than better understanding. Policies adopted by nations around the world now impact the American voter in both positive and negative ways. The policies of other nations now in part determine rates of employment in the United States. The question of equality and equal opportunity has become increasingly controversial as the gap between social classes continues to widen. Much more than in the past, more Americans are now questioning the ability of the American political system to successfully deal with current challenges. Americans are losing confidence in their leaders and institutions. The optimism that has long been a characteristic of the American people is vanishing as problems go unsolved often because of petty political differences. Our two political parties no longer produce the leaders they once did. Kenneth Hill's book is an essential guide to better understand the challenges confronting the American political system---and the possibility of success or failure.

Thinking about trying out for Spec Ops? You can make it with these ESSENTIAL Spec Ops preparation guide SECRETS. Guaranteed the fastest way into Spec Ops. This comprehensive eBook will help you to become an young professional of the African Development Bank! You will get acquainted with the AfDB Young Professionals Program and learn how to apply for it. If you are seeking more

information on how to kick-start your career with the African Development Bank, you have come to the right place! Working for an organization such as the AfDB is a dream for many. The AfDB combines good remuneration with a wide range of benefits in a meaningful work that can help millions of people improve their quality of life. In addition, working for the AfDB means having a global career with a global reach, in a multicultural and pleasant environment; you will be able to construct influential networks and receive encouragement to develop professionally. Among the different ways of selecting staff, the Young Professionals Program (YPP) is known as the AfDB's most important and prestigious selection process. The AfDB YPP is a highly competitive selection process. Every year, about 8.000 highly qualified young people from around the world apply for this program but only around 30-35 applicants are selected each year. Being selected for the ADB YPP can change your life forever, but this is no easy task. In pursuit of its mission, the OpenIGO network has prepared "ADB YPP - The Essential Guide"! This comprehensive eBook will help candidates navigate through the AfDB YPP's Selection Process. In order to start a career with the organization, applicants must know what are the existing recruitment initiatives, their eligibility criteria and different stages of the AfDB YPP's selection process, as well as have a broad understanding of the culture and values of this complex international organization. This book was written and revised by a team of professors, human resources specialists, and intergovernmental organization staff with a great deal of diligence.
