Perhaps the most important section in Dan Millman's best-selling book, The Life You Were Born to Live was titled Laws that Change Lives. These laws, as described, were key to overcoming the specific hurdles on a given individual's life path. Different laws played critical roles for different paths. But the author considers these laws so central to all our lives that they needed a book of their own, and a more universal treatment, since anyone could benefit from applying any of these laws. As he writes, "Within the mystery of our existence, the universe operates according to spiritual laws as real as the law of gravity and as constant as the turning of the heavens. Aligning our lives to these laws can transform our relationships, careers, finances, and health. Simply put, they make life work better." The Laws of Spirit, Dan Millman's "little book of big wisdom," offers a teaching tale in which he encounters an ageless woman sage while on a mountain hike. There, in the wilderness, she takes Dan and his readers through experiences and tests in the natural world that demonstrate the power of spiritual laws of balance, choice, process, presence, compassion, faith, action, patience, surrender, and unity. As the sage relates, "These laws belong to all of us. They rest within our hearts and at the heart of every religion and spiritual tradition." As you make your own journey through the pages of this book, you will find universal solutions to the varied challenges of our lives, leading to perspective and wisdom about the meaning and purpose of our lives here, and our connection with all of creation. It begins with a single step. Open the first page of a book you will refer to again and again for inspiration and guidance on life's journey, up the mountain path.

A guide should give clear directions and then get out of your way. Drawing on his extensive experience as a coach and world champion athlete, bestselling author Dan Millman reveals a path to success not only in sports but in any life endeavor that requires training and the integration of the body and mind\u2014from golf and tennis to playing the piano. Body Mind Mastery is a revised and updated edition of Millman's classic The Inner Athlete and includes a brand new Peaceful Warrior warmup, with photos and instructions on creating a daily exercise routine from Millman's principles, as well as a new section on the aging athlete. Through personal experience, as well as anecdotes from teaching and coaching at such schools as Stanford, U.C. Berkeley, and Oberlin College, Millman directs the reader through the detailed process of attaining the optimum performance of body and mind, where "our minds are free of concern or anxiety, focused on the present moment, our bodies relaxed, sensitive, elastic, and aligned with gravity, our emotions free-flowing expression, uninhibited, spontaneous." Body Mind Mastery includes overview chapters on developing mental, emotional, physical talent; practical chapters on training, competition, and the evolution of athletics; and Millman's exploration of natural laws that govern mental and physical training. It is a seminal book that examines the psychology behind the search for athletic excellence, and shows anyone how to improve skills, accelerate learning, and unleash athletic potential. The skills it teaches are applicable in sports and daily life\u2014transforming training into a path of personal growth and discovery.

For many of us, life seems like a puzzle with missing pieces. We form plans and change them; we choose one path then another, trying to find the right mate and career, hoping that we've made the right decision and that it will all work out. At some point, we ask ourselves the central question: What is the purpose of my life? Few writers approach the topic of life purpose with the clarity of Dan Millman, whose prior book The Life You Were Born to Live has reached more than a million readers worldwide. In The Four Purposes of Life, Millman distills decades of exploration and experience into a concise map of what we're here to accomplish on our life's journey. This book is for anyone seeking deeper insight into themselves and their lives, but especially for those at a crossroads, facing a challenge or change, when past approaches no longer work.

The Hidden School reveals a book within a book, a quest within a quest and a bridge between worlds. Dan Millman takes readers on an epic spiritual quest across the world as he searches for the link between everyday life and transcendent possibility. Continuing his journey from Way of the Peaceful Warrior, Dan moves from Honolulu to the Mojave Desert, and from a bustling Asian city to a secluded forest, until he uncovers the mystery of The Hidden School. While traversing continents, he uncovers lessons of life hidden in plain sight\u2013insights pointing the way to an inspired life in the eternal present. Along the way, you'll encounter remarkable characters and brushes with mortality as you explore the nature of reality, the self, death and, finally, a secret as ancient as the roots of this world. Awaken to the hidden powers of paradox, humour and change. Discover a vision that may forever change your perspectives about life's promise and potential.

This is the second book in the Peaceful Warrior Saga. Neither a sequel nor prequel, this adventure takes place within the context of the original book, shedding new light on the path he was to travel, and would one day teach. After a period of training with the man he calls Socrates, Dan Millman is sent away by his old mentor to apply what he has learned to everyday life. Struggling with personal failure and growing disillusion, Dan sets out on a worldwide quest to rediscover the sense of clarity, meaning and purpose he found with Socrates, then a long-forgotten memory drives Dan to seek a mysterious woman shaman in Hawaii. She is the gateway to all his hopes and fears\u2014and the only one who can prepare him for what may follow. Deep in a rain forest on the island of Molokai, Dan encounters mortal challenges, vivid characters, and startling revelations as he ascends the peaceful warrior's path toward the light that shines at the heart of creation. In this compelling tale, the author breathes new life into ancient wisdom and reminds us that all our journeys are sacred, and all our lives an adventure.

The Way Begins . . . Sergei was three when the soldiers took him. At fifteen he fled into the wilderness, with nothing to cling to but the memories of a grandfather who called him Socrates and the promise of a gift buried near St. Petersburg. Thus begins The Journeys of Socrates -- an odyssey that forged the character of Sergei Ivanov, whose story would one day change the lives of millions of readers worldwide. This saga of courage and faith, of love and loss, reveals the arts of war and the path to peace. Ultimately, it speaks to the quest we all share for a meaningful life in a challenging world.
