Aiming to bridge the gap between theory and application, this work focuses on strategic management.

Created primarily for an undergraduate course in Strategic Management. Offering the same comprehensive, cutting-edge coverage found in the core text. Strategic Management: Concepts, Fourth Edition is ideal for instructors who prefer to use a separate casebook or their own cases. Interesting in both content and format, it integrates the most recent academic theory with current business practices in strategic management, and liberally illustrates concepts with examples from some of today's most progressive global organizations.

A skills-oriented, practitioner perspective on strategy, thoroughly updated with current research and concepts. In today's economy, gaining and sustaining a competitive advantage is harder than ever. Strategic Management captures the complexity of the current business environment and delivers the latest skills and concepts with unrivaled clarity, helping readers develop their own cutting-edge strategy through skill-developing exercises and cases. The thirteenth edition explores the current global recession and shows how it has affected the business environment, providing updated coverage of strategic-management concepts, theory, research, and techniques in every chapter.

This business policy textbook meets the AACSB guidelines, which support a more practical orientation over a theory/research based approach.

A component of Strategic Management by the same author, this text focuses on the study of concepts involved in strategic management. It incorporates three themes: globalization, the natural environment and technology, and presents concepts in strategy formulation, implementation and evaluation.
