provided to consumers or other companies can be classified as either goods, which are tangible, or services, which are intangible. Most countries measure their economies on the production and consumption of both physical goods and intangible services.

Where To Download

Some companies provide both goods and services, and others provide only one or the other.

What are Goods and Services? (with pictures)

The term 'services' covers a wide variety of work, from a small repair job on a vehicle with no

Where To Download

written details to major building work. Services can be provided alone (such as gym membership), or they may be provided with goods - (for example when a company supplies and fits a new kitchen). Examples of services provided without goods include:
