Windows Vista, Microsoft Office 2007,

Presents a selection of the author's poems from throughout his life, from playful early poems to themes of mourning and loss.

An excellent, comprehensive clinical reference thoughtfully revised to address new challenges facing emergency nurses, emergency medical technicians and paramedics. **MANUAL OF EMERGENCY CARE** details the basic principles of emergency care; includes up-to-the-minute advances in emergency care, medical, trauma, and special case emergencies; contains four entirely new chapters devoted to patient education, allergies, forensic nursing and legal issues; and offers thoroughly revised, more detailed chapters on sexual assault, wound care, and domestic violence. * Includes complete, up-to-date and practical information for clinical practitioners and nursing students. * Presents a team approach to problem solving, reflecting actual practices in emergency departments. * Covers assessment parameters, diagnostic tests, therapeutic interventions and other information pertinent to disorders and conditions **NEW TO THIS EDITION:** * Includes new chapter on forensic nursing thoroughly explaining the role of forensic nurses and the collection of forensic data. * Offers a new chapter on patient and family education, stressing the growing importance of providing supports to help patients and their families continue recovery once they leave emergency care. * Presents basic legal issues for emergency nurses in a new chapter addressing hot legal topics including legal consent, proper treatment of psychiatric patients, appropriate handling of forensic issues, and terms of the Emergency Medical Treatment and Active Labor Act (EMTALA). * Provides a new chapter on allergies with detailed descriptions of reactions and the associated signs and symptoms, interventions, diagnostic tests, latex allergies, and patient education and support. * Contains an updated, extensively detailed chapter on sexual assault listing proper procedures for collecting, securing and transferring evidence, following up, documenting the assault and testifying in court, all in a bulleted, easy-to-follow format. * Offers newly revised wound management chapter with more detailed definitions and descriptions of wounds and wound care. * Includes separate chapters on intravenous therapy and laboratory specimens. New chapter providing specialty information about forensic nursing (Chapter 40) thoroughly explains the role forensic nursing plays; situations calling for collection of forensic data; how to take forensic photography; how to collect, track, and document physical evidence appropriately; and treatment of and concerns surrounding special situations (e.g., gun shot wounds, stab wounds, suicides/accidents). A new chapter about patient and family education (Chapter 3) stresses the growing importance of providing the patient and family with the information they need as they continue through the healing process. This chapter helps emergency personnel identify learning needs, assess the learner, establish learning goals, select and use appropriate teaching methods, evaluate the effectiveness, and document. Examples of discharge instructions for common ailments (e.g., nosebleed, wound care/burn care, sore throat/cold) are also included. New chapter on basic legal issues for emergency nurses (Chapter 8) addresses yet another hot topic by describing terms for legal consent (e.g., patient age, patient competency, reportable conditions/situations), proper treatment of psychiatric patients, appropriate handling of forensic issues, and terms of the Emergency Medical Treatment and Active Labor Act (EMTALA). A new chapter about allergies (Chapter 20) clearly and completely gives information about allergic reactions by providing definitions, describing types of reactions and the associated signs and symptoms and therapeutic interventions, listing diagnostic tests for allergies, explaining latex allergy, and giving information about education and support. Radically revised chapter on sexual assault (Chapter 31) that gives more in depth details about sexual assauRevision of wound management chapter (Chapter 21) to include more complete definitions and descriptions of wounds and wound care. Individual chapters for intravenous therapy (Chapter 6) and laboratory specimens (Chapter 7) to provide more specific and complete coverage of these important topics.

A practical handbook for software developers on utilizing the Visual FoxPro Report Writer efficiently, offers a wide range of tips and techniques for the report wizard, report designer, and report bands, along with advanced information on nesting data groups and creating variables and calculations. Original.

(Intermediate)

Analytical Dynamics presents a fair and balanced description of dynamics problems and formulations. From the classical methods to the newer techniques used in today's complex and multibody environments, this text shows how those approaches complement each other. The text begins by introducing the reader to the basic concepts in mechanics. These concepts are introduced at the particle mechanics level. The text then extends these concepts to systems of particles, rigid bodies (plane motion and 3D), and lightly flexible bodies. The cornerstone variational principles of mechanics are developed and they are applied to particles, rigid bodies, and deformable bodies. Through this approach, students are exposed to a natural flow of the concepts used in dynamics.

This book provides engineers with the tools to solve real-world heat transfer problems. It includes advanced topics not covered in other books on the subject. The examples are complex and timely problems that are inherently interesting. It integrates Maple, MATLAB, FEHT, and Engineering Equation Solver (EES) directly with the heat transfer material.

Covers installation, configuration, Registry manipulation, network management, Active Directory, and security

Microsoft Project is brimming with features to help you manage any project, large or small. But learning the software is only half the battle. What you really need is real-world guidance: how to prep your project before touching your PC, which Project tools work best, and which ones to use with care. This book explains it all, helping you go from project manager to project master. Get a project management primer. Discover what it takes to handle a project successfully Learn the program inside out. Get step-by-step instructions for Project Standard and Project Professional Build and refine your plan. Put together your team, schedule, and budget Achieve the results you want. Build realistic schedules, and learn how to keep costs under control Track your progress. Measure your performance, make course corrections, and manage changes Use Project's power tools. Customize Project's features and views, and transfer info directly between Project and other programs

QuickBooks 2009 has impressive features, like financial and tax reporting, invoicing, payroll, time and mileage tracking, and online banking. So how do you avoid spending more time learning the software than using it? This Missing Manual takes you beyond QuickBooks' help resources: you not only learn how the program works, but why and when to use specific features. You also get basic accounting advice so that everything makes sense. QuickBooks can handle many of the financial tasks small companies face. QuickBooks 2009: The Missing Manual helps you handle QuickBooks with easy step-by-step instructions. With this book, you will: Get more out of QuickBooks whether you're a beginner or an old pro. Learn how QuickBooks can help you boost sales, control spending, and save on taxes. Set up and manage your files to fit your company's specific needs. Use QuickBooks reports to evaluate every aspect of your enterprise. Follow the money all the way from customer invoices to year-end tasks. Discover new timesaving features like like better multi-user performance, a homepage dashboard, revamped online banking. Build budgets and plan for the future to make your business more successful. QuickBooks 2009: The Missing Manual covers only QuickBooks 2009 for Windows.
