There's no mystery to understanding company financial statements. Even if you have no financial or accounting background, you can read those intimidating-looking financial statements as easily as A-B-C. The second edition of *The Guide to Understanding Financial Statements*, by S.B. Costales and Geza Szurovy, makes all the numbers and jargon absolutely clear. In seconds you'll spot a company's strengths and weaknesses, see how its performance

To help instructors deal with this very challenging environment, the Spiceland team is committed to providing current, comprehensive, and clear coverage of intermediate accounting, and the eighth edition reflects this.
