When the wounds go deep, real help, honest encouragement, and tangible healing may be hard to locate. Real-life stories and proven, practical counsel serve as powerful tools to help you recover from past and present wounds, moving you into a new season of productive living

This book is an invaluable key to self-understanding. Using examples from her own life and the lives of her clients, as well as from dreams, fairy tales, myths, films, and literature, Linda Schierse Leonard, a Jungian analyst, exposes the wound of the spirit that both men and women of our culture bear—a wound that is grounded in a poor relationship between masculine and feminine principles. Leonard speculates that when a father is wounded in his own psychological development, he is not able to give his daughter the care and guidance she needs. Inheriting this wound, she may find that her ability to express herself professionally, intellectually, sexually, and socially is impaired. On a broader scale, Leonard discusses how women compensate for cultural devaluation, resorting to passive submission (" the Eternal Girl "), or a defensive imitation of the masculine (" the Armored Amazon "). The Wounded Woman shows that by understanding the father-daughter wound and working to transform it psychologically, it is possible to achieve a fruitful, caring relationship between men and women, between fathers and daughters, a relationship that honors both the mutuality and the uniqueness of the sexes.

Hope and Healing Are at Hand Extraordinary emotional pain cries out for something more than a Band-Aid, a pat on the shoulder, or a greeting card cliché. When the wounds go deep, real help, honest encouragement, and tangible healing may be hard to locate. But it is there to find, and the search is worth the effort. Compassionate and experienced counselors Dr. Steve Stephens and Pam Vredevelt, LPC, have walked alongside women in pain for years—they ' ve heard the stories, seen the tears, felt the pain, and entered into the devastation. They ' ve also seen how wounded women can step out of darkness into hope, regain their feet, restart their lives, recover their energy, and even reclaim their joy. Real-life stories and proven, practical counsel serve as powerful tools to help you recover from past and present wounds, moving you into a new season of productive living. Hope Is Here " My pain is too deep for a Band-Aid. " " Will this heartache ever end? " " Why me? " Today is your day...a fresh season of living has arrived. Coming alongside as faithful friends, Dr. Steve Stephens and Pam Vredevelt meet you in the depths of your circumstances and uncover the pathway to healing. They offer an opportunity to regain your feet, restart your life, recover your energy, and reclaim your joy. These real-life testimonies and proven, practical counsel will guide you toward complete recovery and inspire you to press forward in newfound strength—not in spite of your wounds, but because of them. " I believe this is one of the most important books ever written for women. Every page is filled with nurturing wisdom and refreshing hope. At last, for every wounded woman, there is a pathway out of the hurt and pain. " -Alice Gray, author of Treasures for Women Who Hope, coauthor of The Worn Out Woman and The Walk Out Woman Story Behind the Book The authors are licensed therapists who see an enormous number of women struggling with the same basic issue: wounds that result from living in an imperfect world with imperfect people. " Some are great at hiding their wounds, " they say. " Others are so overwhelmed by them that they are unable to recover and bounce back. We consistently meet women with incredible potential who are stuck in emotional pain. Unable to move forward, their wounds block them from becoming all they can be. We want to help them work through the process of letting go of this pain and progress in healing. The abundant life Jesus promises will be theirs! "

How does the future look to us? Well, clearly we realize we now live in a world of screens, from the microcosmic universe of to smartphone . . . to the imposing vigil of the multiplex giants, looming over us in Imax and 3-D--more "real" than real--and to all the screens in between, from computers to iPads, to muted, high definition flat-screens pouring out images in homes, restaurants, banks, businesses, schools, doctors' offices, and hospitals, and on and on everywhere we turn. We cannot change this reality, so what these Christians, and so many like them are doing is trying to find ways to redeem what we put on these screens: what message we are sending out in word and image to the watching world. So, clearly, our task, whether we have been called to create or not, is to join these artists as "screen redeemers," assisting the Holy Spirit in reconciling the world to God (2 Cor 5:18-19) through helping the pervasively influential means of the media adjust its goals to the mission of Jesus Christ.

This is a wonderful collection of conversations from ethnically diverse contributors using the art form of writing to promote inclusion and as an antidote to structural racism. Thanks to these contributing authors whose conversations allow us to understand the experience of people who have a bias against them. This collection of conversations offers some ideas and strategies. What is the next step?

Readers today often express an interest in reading something "real," just as many movie goers look for films "based on a true story." One cannot find anything more real than this book. Every contributor is invested in its vision, and each one personally offers to help readers. In this sense, this book's impact goes far beyond the pages. Joe DeFazio is the point person and his humbly expressed record of what he is able to accomplish for other suffering veterans is nothing short of heroic. Bruce McDaniel, a multi-decorated medic, is also an understated hero who, with his wife and family, has extended a life of compassion long after the Vietnam War's end into today, taking refugee children into their home to love and rear. His own thoughtful reflections on the war and its aftermath in his afterword to this book and his own Walk through the Valley: The Spiritual Journey of a Vietnam War Medic and The Hardest Part: Homecoming Stories from the Vietnam War bear out Joe's concerns and example. You won't come away from this brief book the same. It will widen your vision of how you too can help.

Keeping the Dream Alive contains full-color images of Harriet Lorence Nesbitt ' s art, giving an overview of her unique life and style. This monographic reflection explores the historical context of Nesbitt ' s work. William David Spencer ' s afterword contextualizes Harriet ' s vision as an advocate for the mentally ill, an artist, and a political columnist, describing how and why Harriet ' s life and art pulsed with vibrancy.
