painful patterns and rediscover their passion. The majority of relationship books focus on how partners interact. But the advice offered is often impossible to follow because it ignores two essential issues that each mate must address and master -- personal development and boundary healing. Martha Beveridge guides readers toward trusting, committed relationships that allow room for each partner's individuality.

We all want other people to like us and think well of us. But when we depend on the praise, admiration, or appreciation of others for our sense of self-worth, we become trapped in an exhausting and debilitating cycle of people-pleasing relationships where we always give and rarely receive. The most common advice we hear--Start putting your own needs first!--doesn't work, because we do love helping other people! Thankfully, the solution to the people pleaser's "problem" isn't to fundamentally change who you are--it's to fundamentally change where you find your worth. In this freeing book, Dr. Mike Bechtle shows you stop letting your fears of rejection, criticism, invisibility, or inadequacy drive your actions and start rebuilding your sense of self-worth from the inside out. When you do, you'll discover that what you once thought of as a struggle is actually a strength.
