In the world of psychology there are many fascinating topics however there are a few topics that seem to instantly enthrall and captivate people's attention. Those topics deal with the following subjects influence, persuasion, how to control other human beings and manipulation. In regards to the latter what fascinates us most about manipulation is that we have all used it in our lives at one time or another. The same can be also said about persuasion which is defined as the ability to convince a person or group of people to change their beliefs strong enough to act on them. When people use persuasion or manipulation as a tactic they seek to influence people to get what they want or to achieve their

objectives. This is why the topic of influence is a fascinating topic to most because it involves power. The power to have an important effect on someone or something. If someone influences someone else, they are changing a person or thing in an indirect but important way. Ultimately to have power over someone is to have control over them. In his book entitled Psychology 101: How To Control, Influence and Persuade Anyone author Anthony Kane brilliantly discusses and explains in detail these specific concepts. Here are some of the things you will learn about: * How to be a good persuader in various situations such as in business, social settings and in relationships. * The secrets of reverse psychology. * The different kinds of social influence and how to directly apply them. * Obedience and how to get people to comply. And much much more.....

Dark Psychology is one of the most powerful forces at work in the world today. It is used by the most powerful influencers the world has ever known. Those who are unaware of it risk having it used against them. Don't run that risk! In his book entitled Dark Psychology 101 author Michael Pace offers a cutting-edge distillation of some of the most powerful principles in the world of dark psychology. Each chapter explains an aspect of dark psychology in a way which is understandable for a layman with no specialist scientific knowledge. Ideas are illustrated with examples to make the task of understanding dark psychology easier. In addition, the book contains case studies and useful profiles on the types of people who make use of this "black magic" in their everyday lives. You will be also shown how you can apply the principles of dark psychology if you choose to. Please be warned, this book is not for the faint of heart or the weak of mind. Once you have lifted the curtain on the world of dark psychology, there is no going back. You will have an understanding of human nature that few have ever obtained.
