Marcovaldo: ovvero Le stagioni in città. by Italo Calvino; 30 editions; First published in 1; Subjects: Italian language, Readers

A charming portrait of one man's dreams and schemes, by "the greatest Italian writer of the twentieth century" (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece "conveys the sensuous, tangible qualities of life" (The New York Times).

Examining Calvino's literary experiments as a young artist in search of his narrative voice, Ricci explores the psychological and existential motivations intrinsically linked to the writer's need for textual and systemic patterning. I racconti contains some of Calvino's least-read works, yet these early stories address issues, present scenarios and generate a growing variation of themes that form the heart of Calvino's narrative discourse. Ricci points out that melancholy permeates Calvino's works—even at his most playful. He suggests that if Calvino's

highest merit was his sense of wonder and his urge to transform and defeat obscurantism with all the joy he could muster, one must remember that his work expressed, often painfully, the limits of human rationalism. I racconti can thus be read as a catalogue of the anxieties of both the young author and postwar Italian society.

Il libro è composto da venti novelle. Ogni novella è dedicata ad una stagione; il ciclo delle quattro stagioni si ripete dunque nel libro per cinque volte. Tutte le novelle hanno lo stesso protagonista, Marcovaldo, un personaggio buffo e melanconico.

This bibliography lists English-language translations of twentieth-century Italian literature published chiefly in book form between 1929 and 1997, encompassing fiction, poetry, plays, screenplays, librettos, journals and diaries, and correspondence.

“Cities, like dreams, are made of desires and fears, even if the thread of their discourse is secret, their rules are absurd, their perspectives deceitful, and everything conceals something else.” — from *Invisible Cities* In a garden sit the aged Kublai Khan and the young Marco Polo — Mongol emperor and Venetian traveler. Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. As Marco Polo unspools his tales, the emperor detects these fantastic places are more than they appear. “*Invisible Cities* changed the way we read and what is possible in the balance between poetry and prose . . . The book I would choose as pillow and plate, alone on a desert island.” — Jeanette Winterson
