In simple, forthright and honest prose, noted literary agent Ruth Liepman shares her amazing life story - one that saw two world wars and the collapse of empires - and her love of books and writers. Born into a middle-class doctor's family, the young Ruth Lilienstein was raised in Hamburg, studied law, and found herself drawn increasingly toward the ideals of the Communist Party. When Hitler came to power in 1933, she had to flee because of her political activism, not because she was Jewish; she settled in Holland, where she remained until late 1945. There she worked for the Swiss consul, acquiring a Swiss passport and thus protection. When the Nazis occupied Amsterdam, she was able to continue vital work helping many refugees get visas out of Europe, fix their passports, hide their families, even risking her own life by going back into Nazi Germany. Eventually she found herself in danger and was hidden by a Dutch family in the countryside. Soon after the end of the war, Ruth returned to Hamburg, where she married the journalist Heinz Liepman. In 1949 they started what would become one of the most respected literary agencies in the world. Ruth runs the agency to this day, and she includes in this book many thoughts and reflections on her years working with books and authors.

Gen Richards is done being "the helpless blind girl." Resurrecting her high-school bucket list that begins with "kiss a total stranger" seems just the thing...until she finds herself in a panty-melting lip lock with her big brother's adrenaline-junky best friend. Chance Anderson thrives on adrenaline, but Genny's the one risk he's won't take. His recklessness a decade ago landed her in the hospital and ejected him from her life. He's bad for her and everyone knows it—especially her big brother. Chance reluctantly helps Gen complete her bucket list in order to keep her out of trouble. But running through a freezing fountain, playing spin the bottle while fending off a mad horde of stinging insects, and skinny dipping with homicidal attack swans don't hold a candle to the real danger: falling for the one person he can never have. Each book in the Anderson Brothers series is a standalone, full-length story that can be enjoyed out of order.
