The personal story of the famous drag queen from "Midnight in the Garden of Good and Evil" describes an abuse-marked childhood, character development, rise to stardom, and secrets of survival

This is the first book-length study of the narratology of film music, and an indispensable resource for anyone researching or studying film music or film narratology. It surveys the so far piecemeal discussion of narratological concepts in film music studies, and tries to (cautiously) systematize them, and to expand and refine them with reference to ideas from general narratology and film narratology (including contributions from German-language literature less widely known in Anglophone scholarship). The book goes beyond the current focus of film music studies on the distinction between diegetic and nondiegetic music (music understood to be or not to be part of the storyworld of a film), and takes into account different levels of narration: from the extradiegetic to ¶focalizations¶ of subjectivity, and music's many and complex movements between them. The conceptual toolkit proposed in the first part of the book is put to the text in a series of case studies: of numbers in film musicals; of music and sound in horror films; and of music and narrative structures in, among others, films by Sergio Leone, The Truman Show, Breakfast at Tiffany's and Far from Heaven.

The classic adventure that started it all A long time ago in a galaxy far, far away . . . Luke Skywalker lived and worked on his uncle's farm on the remote planet of Tatooineland he was bored beyond belief. He yearned for adventures out among the stars, adventures that would take him beyond the farthest galaxies to distant and alien worlds. But Luke gets more than he bargained for when he intercepts a cryptic message from a beautiful princess held captive by a dark and powerful warlord. Luke doesn't know who she is, but he knows he has to save herand soon, because time is running out. Armed only with courage and with the lightsaber that had been his father's, Luke is catapulted into the middle of the most savage space war everand headed straight for a desperate encounter on the enemy battle station known as the Death Star. . . .

Presents entries to inspire and motivate readers trying to find a job or keep an existing position, covering such topics as career branding, dealing with difficult work environments, job hunting, leadership, and interviews.

Terror has come to White Deer Park, driving panic-stricken animals before it. A killer beast is on the loose - a predator so silent and skillful that it leaves almost no trace, and has never been seen. As the deaths mount up, Owl, Fox, Badger and the elders of Farthing Wood meet to make a plan. They have fought tough corners before; have they now, finally, met their match?

Argues that McVeigh did not get a fair trial, and that the bombing could not have been done by two men on their own

After their legendary journey out of danger and into the safe haven of White Deer Park, the animals of Farthing Wood look forward to getting used to their new life in the nature reserve. But winter is drawing in: the nights are colder and food for the animals is scarce. Other animals in the park are unfriendly and want to make trouble, and around the Park there are the perils of hunters' traps, as well as humans and their machines. Will life ever return to normal for the animals of Farthing Wood...?

(E-Z Play Today). The third edition of this volume is bursting with 75 all-time favorites, including: After the Ball * Bill Bailey, Won't You Please Come Home * Down in the Valley * Good Night, Ladies * Hello! Ma Baby * In the Good Old Summertime * Let Me Call You Sweetheart * My Buddy * Oh! You Beautiful Doll * Paper Doll * Ragtime Cowboy Joe * Swanee * Take Me Out to the Ballgame * When Irish Eyes Are Smiling * You Made Me Love You * and more.

"In 1993, Walt Disney Pictures released a movie that would change a generation...but it took a while. Hocus Pocus flopped upon release, and critics everywhere scoffed at this oddball comedy about three wacky witches back from the dead. But then something changed. Far from the forgotten relic it was destined to become, Hocus Pocus has taken its place alongside The Wizard of Oz, Harry Potter, and Home Alone--a bona fide classic that's sure to stay alive for generations to come."--Back cover.
