Matilda "Wheezer" Choi, the asthmatic who can fly and kick butt courtesy of her nanobyte-enhanced inhalers, loves pro wrestling and hates anything "girly." Maybe that's because she grew up with six brothers—or maybe it's because her home life has become a battle zone in the conflict between her parents. Unfortunately for Wheezer, when a former member of NERDS turned villain gets extensive plastic surgery in order to become a cheerleader, Matilda must swallow her pride to successfully infiltrate the squad. The newest supervillain, Gerdie Baker, assisted by the criminal mastermind Simon, has created a device that opens portals to other worlds, which she and the other cheerleaders have been pillaging. But the alternate realities are starting to get awfully close together, so it's up to Wheezer and the NERDS to stop the cheerleaders before the worlds collide.

The grand finale to the "New York Times" bestselling series, "Attack of the BULLIES" stars Ruby Peet, aka Agent Pufferfish, the team captain with super nanobyte-enhanced allergies. Pufferfish leads the team in their latest case: the kidnapping of the president's daughter. But the NERDS discover she hasn't been kidnapped--she's been recruited. Their former librarian, Ms. Holiday, has started a rival organization called

BULLIES, who each have their own nanobyte-enhanced upgrades. The BULLIES' plan: go back in time to make sure NERDS never existed. When Ruby's teammates begin to vanish one by one, she enlists Agent Brand and Heathcliff Hodges to go back to the 1970s and help the original nerdy secret agents make sure that the future is not erased from existence. "Attack of the BULLIES" promises action, humor, and a dramatic conclusion to the series.
