The world of work has changed. People in previous generations tended to pick one professional path and stick to it. Switching companies every few years wasn't the norm, and changing careers was even rarer. Today's career trajectories aren't so scripted and linear. Technology has given rise to new positions that never before existed, which means we are choosing from a much broader set of career options—and have even more opportunities to find work that lights us up. However, we don't discover and apply for jobs the same way anymore, and employers don't find applicants the way they used to. Isn't it about time we had a playbook for navigating it all? Kathryn Minshew and Alexandra Cavoulacos, founders of the popular career website TheMuse, offer the definitive guide to the modern workplace. Through quick exercises and structured tips, you will learn:

· The New Rules for finding the right path: Sift through, and narrow today's ever-growing menu of job and career options, using the simple step-by-step Muse Method. · The New Rules for landing the perfect job: Build your personal brand, and communicate exactly how you can contribute and why your experience is valuable in a way that is sure to get the attention of your dream employer. Then ace every step of the interview process, from getting a foot in the door to negotiating your offer. · The New Rules for growing and advancing in your career: Mastering first impressions, the art of communication, networking, managing up and other "soft" skills – and make it obvious that whatever level you're at, you're ready to get ahead. Whether you are starting out in your career, looking to advance, navigating a mid-career shift, or anywhere in between, this is the book you need to thrive in the New World of Work.

Stroke Nursing is the leading guide for optimal stroke care, facilitating the provision of evidence-based practice across the stroke journey, and covering the sixteen elements of care outlined in the UK's Stroke-Specific Education Framework (SSEF). Drawing from years of clinical and research experience, the authors provide practical guidance on the essential areas of stroke nursing, including stroke classification, stabilisation, thrombolysis and thrombectomy, rehabilitation and recovery, nutrition and oral care, palliative and long-term care, physical impairment management, and more. Now in its second edition, this indispensable guide helps practitioners expand their knowledge, skills and competence in all areas of stroke nursing services. Adopts a practical and evidence-based approach to stroke management, exploring UK and international perspectives Authored by expert clinicians and leaders in the field of nursing practice, research and education Includes updated case studies and practice examples, expanded coverage of clinical application in practice, and new discussions of the knowledge and skills required by nurses Stroke Nursing is essential reading for students of nursing and neuroscience, and is the definitive reference for practicing nurses and healthcare professionals caring for stroke patients.

At some point, most people have been caught off guard by tough interview questions. This book helps readers take charge of the situation! In *Acing the Interview*, the employment expert Dr. Phil called "the best of the best" gives job seekers candid advice for answering even the most unexpected questions, including: "You really don't have as much experience as we would like -- why should we hire you?" How many hours in your previous jobs did you have to work each week to get everything done?" What do you consider most valuable -- a high salary, job recognition, or advancement?"The book also arms readers with questions to ask prospective employers that could prevent their making a big job mistake: "What would you say are the worst parts of this job?" What are the major problems facing the company and this department?" Why aren't you promoting from within?"Taking readers through the entire process, from the initial interview to evaluating a job offer, and even into salary negotiation, *Acing the Interview* is a no-nonsense, take-no-prisoners guide to interview success.

With the recent new and radical developments in the health care field that have been introduced at a breathless pace, nurse administrators must work to stay informed of the developments that affect their nursing departments both directly and indirectly. The Nursing Administration Handbook has a long track record, both as a textbook and as a hands-on tool for nurse executives seeking insight and step-by-step guidance in all aspects of administration. The fourth edition of this text surveys the entire field of nursing administration and incorporates the most significant new developments and current practices.
