Nora Rose Rowley is a genius, but don't tell anyone. Nora's managed to make it to the fifth grade without anyone figuring out that she's not just an ordinary kid, and she wants

to keep it that way. But then Nora gets fed up with the importance everyone attaches to test scores and grades, and she purposely brings home a terrible report card just to prove a point. Suddenly the

The present state of the university is a difficult issue to comprehend for anyone outside of the education system. If we are to believe common government reports that changes in

Access Free Ontario Secondary School Sample

policy are somehow making life easier for university graduates, we cannot help but believe that things are going right and are getting better in our universities. Ivory Tower Blues gives a decidedly different picture,

Access Free Ontario Secondary School Sample

examining this optimistic
attitude as it impacts upon
professors, students, and
administrators in charge of
the education system. Ivory
Tower Blues is a frank
account of the contemporary
university, drawing on the

authors? own research and
personal experiences, as
well as on input from
students, colleagues, and
administrators. James E.
Côté and Anton L. Allahar
offer an insider?s account
of the university system, an

accurate, alternative view to that overwhelmingly presented to the general public. Throughout, the authors argue that fewer and fewer students are experiencing their university education in ways

expected by their parents
and the public. The majority
of students are hampered by
insufficient preparation at
the secondary school level,
lack of personal motivation,
and disillusionment.

Contrary to popular opinion,

Access Free Ontario Secondary School Sample

Report Card Comments
there is no administrative or governmental procedure in place to maintain standards of education. Ivory Tower Blues is an in-depth look at the crisis facing Canadian and American universities, the factors that are

precipitating the situation,
and the long-term impact
this crisis will have on the
quality of higher education.
