This report provides an overview of the work of the European Union Committee in session 2012-13. It highlights some of the key policies examined through scrutiny work and inquiries, reflects on the Committee’s work with this EU institutinos and other national parliaments, and gives a forward look at the work being undertaken in session 2013-14.

Edeo & Legoo Mandarin Publications List 2021 September Issue 方正教育最新书籍及课程- Share the best we know and what we know the best! 分享最好的给你！ This a Full list of our latest courses and Publications at BEST price for my students! Please check and Enjoy your study. We provide Contents, Online System and Live Teaching Online！ Edeo (Educational Video Online Courses) is one of the pioneering online Courses Creators. We systematically design LEGOO Mandarin, including PPT, PDF and Videos materials, covering from Kindergarten, YCT (Youth Chinese Test), HSK (Chinese Proficiency Test), IGCSE Chinese, A1, A2 Chinese, IB Chinese, AP Chinese, SAT Chinese, AP Chinese, IB Chinese, etc. This is our past 25 years painstaking efforts based on our firsthand experience to teach foreigners. " Share with You What We Know Best " is our Slogan. We start with LEGOO Mandarin and now expand the system into other topics: Bahasa Malaysia, IT eCommerce, Accounting and Finance, Tai Chi Fitness and Qi Gong. You can learn anytime anywhere! In addition to be a Contents Creator, we also provide Online Systems, which can be easily integrated with your school or company online system or use separately. We are using Udemy and other more than 10 similar platforms for video courses marketing. The Amazon KDP, Google Books and Apple iBooks are platforms we publishing our textbooks in addition to our own platform. We provide consultancy service to save your time and give you the best tips on how to leverage your efforts using all these amazing platforms. Please contact us for quotations (very reasonable price). We can assign our trained teachers to conduct live lesson through Webinar, Skype and YouTube, Facebook at reasonable price.

Edeo (Educational Video Online Courses) is one of the pioneering online Courses Creators. We provide Contents and Solutions, online, offline, in Classroom presentation or online lessons, group assignments or personal learning management. We welcome Teachers to join our group and marketing networks (more than 1 million users in our networks and social media, YouTube, Udemy, Amazon, iBook, Teachlr, Google Books, Rakuten Kobo etc.) for: - developing and publishing books, teaching materials - creating and marketing online Video - Hosting online live courses Our Publications including: KDP: Amazon Kindle Books, ebook and Paperback. Udemy: Online Video Courses hosted in Udemy, lifetime access. Quiz: Online Quiz, auto grading and explanations, hosted on Udemy, lifetime access. Skype: Online Live Course via Skype. YouTube: YouTube Live broadcasting. Topics Covering: covering from Kindergarten, YCT (Youth Chinese Test), HSK (Chinese Proficiency Test), IGCSE Chinese, A1, A2 Chinese, IB Chinese, SAT Chinese, AP Chinese, IB Chinese, etc. This is our past 25 years painstaking efforts based on our firsthand experience to teach foreigners. " Share with You What We Know Best " is our Slogan. We start with LEGOO Mandarin and now expand the system into other topics: Bahasa Malaysia, IT eCommerce, Accounting and Finance, Tai Chi Fitness and Qi Gong. You can learn anytime anywhere!

The Sex Offender Register examines the origins, history, structure and legalities of the UK sex offender register, and explores how political and public opinion has influenced the direction the policy of registration has taken. Delving into the origins of the UK sex offender register and how the registration policy has evolved, this book provides an understanding of the register and its contribution to public protection while attempting to see the register as a policy that has grown and developed and as having an organic life of its own. The sex offender register is designed as a form of public protection rather than a punishment, requiring offenders to notify the police of their circumstances and to accept a degree of offender management from the police. The book: • puts the development of the register in its political, social and ethical context • considers the position of children and young people as offenders • outlines the movement of registered offenders across international borders • analyses how offenders can be removed from the register • explores how other countries in the UK manage sex offenders through registers • asks questions about the efficacy of the register and what contribution it makes to public protection • looks at specific aspects of registration including the management of information • delves into the experience of life on the register • examines the influence of public opinion • discusses the role of the police as custodians of the register and as offender managers. Exploring the different pressures brought to bear on the register, this book provides an authoritative starting point for police officers, social workers, probation officers, magistrates, students of Criminology, Criminal Justice and Policing, and the general reader wanting to understand where the UK sex offender register originated from and how it operates today.

Bringing together scholars from Europe and North America, this book examines the engagement of legislatures across the world in foreign and security policy. The articles are specifically chosen to cover the whole range of foreign affairs questions from crisis management and military missions, arms trade, the Common Foreign and Security Policy (CFSP) of the European Union (EU), international energy agreements, to international trade negotiations. Drawing on a principal-agent framework, the book challenges the conventional wisdom of ' executive autonomy ' in foreign affairs, with parliaments using multiple ex ante and ex post instruments to monitor, oversee and control governments in external relations. Moving beyond the ' politics stops at the water ' s edge ' image, the articles highlight the role of party-political contestation instead of consensus in the name of national interest structuring parliamentary debates and decision-making in this increasingly politicized issue area. Considering the lack of research on parliamentary participation in foreign affairs beyond the specific case of the U.S. Congress, the book will also contribute to theory building and will deepen our understanding of legislative-executive relations. The chapters originally published as a special issue in West European Politics.

CEPOL aims is to bring together senior police officers from across Europe to share research and best practice, to encourage cross-border cooperation in the fight against crime and to help facilitate training and exchange programmes between European police forces. However, in March 2013, the Commission presented a proposal for a new Europol Regulation, one effect of which would have been to merge CEPOL with Europol. The Committee, the Directors of Europol and CEPOL, the European Parliament and the Council all opposed the proposed merger. A separate Regulation on CEPOL was therefore proposed. The new draft Regulation would allow CEPOL "broader objectives" and "modernised governance". The Government supports the work of CEPOL but is unhappy with a number of proposals in the Regulation, including the removal of the requirement that all attendees on CEPOL courses should be senior police officers, and the suggestion that Member States should designate a national unit to contribute to CEPOL’s work programmes. The Committee points out that there are legal reasons why the UK must, at some stage, opt-in to the Regulation. It recommends that the Government to do so now, to give the UK a place at the negotiating table when the draft Regulation is discussed.

Tax law changes at a startling rate - not only does societal change bring with it demands for change in the tax system, but changes in the political climate will force change, as will many other competing pressures. With this pace of change, it is easy to focus on the practical and forget the core underpinnings of the tax system and their philosophical justifications. Taking a pause to remind ourselves of those principles and how they can operate in the modern tax system is crucial to ensuring that the tax system does not diverge too far from what it should be or could be. It is essential to understand the answers to some of the seemingly basic questions that surround tax before we can even begin to think about what a tax system should look like. This collection brings together major themes and difficult questions in the philosophical foundations of tax law. The chapters consider practical issues such as justification, enforcement, design, and mechanics, and provide a full and coherent analysis of the basis for tax law. Philosophical Foundations of Tax Law allows the reader to consider how tax systems should move forward in the modern world, with a sound philosophical basis, to provide the practical tax system that the state requires and citizens deserve.

The House of Commons is one of Britain’s mysterious institutions: constantly in the news yet always opaque. In this ground-breaking anthropological study of the world ’ s most famous parliament, Emma Crewe reveals the hidden mechanisms of parliamentary democracy. Examining the work of Members of Parliament – including neglected areas such as constituencies and committees – this book provides unique insights into the actual lives and working relationships of parliamentarians. ‘Why do the public loathe politicians but often love their own MP?’ the author asks. The antagonistic façade of politics irritates the public who tend to be unaware that, backstage, democracy relies on MPs consulting, compromising and cooperating across political parties far more than is publicly admitted. As the book shows, this is only one of myriad contradictions in the labyrinths of power. Based on unprecedented access and two years of interviews and research in the Palace of Westminster and MPs ’ constituencies, The House of Commons: An Anthropology of MPs at Work challenges the existing scholarship on political institutions and party politics. Moving beyond the narrow confines of rational choice theory and new institutionalism, Emma Crewe presents a radical alternative to the study of British politics by demonstrating that all of its processes hinge on culture, ritual and social relations. A must-read for anyone interested in political anthropology, politics, or the Westminster model.

Whenever the legitimacy of a new or ethically contentious medical intervention is considered, a range of influences will determine whether the treatment becomes accepted as lawful medical treatment. The development and introduction of abortion, organ donation, gender reassignment, and non-therapeutic cosmetic surgery have, for example, all raised ethical, legal, and clinical issues. This book examines the various factors that legitimatise a medical procedure. Bringing together a range of internationally and nationally recognised academics from law, philosophy, medicine, health, economics, and sociology, the book explores the notion of a treatment, practice, or procedure being proper medical treatment, and considers the range of diverse factors which might influence the acceptance of a particular procedure as appropriate in the medical context. Contributors address such issues as clinical judgement and professional autonomy, the role of public interest, and the influence of resource allocation in decision-making. In doing so, the book explores how the law, the medical profession, and the public interact in determining whether a new or ethically contentious procedure should be regarded as legitimate. This book will be of interest and use to researchers and students of bioethics, medical law, criminal law, and the sociology of medicine. Chapter 6 of this book 'Family perspectives on proper medical treatment for people in prolonged vegetative and minimally conscious states' by Celia Kitzinger and Jenny Kitzinger is available under an open access CC BY NC ND license and can be viewed at: http://previews.ncbi.nlm.nih.gov/books/prevqqa/NBK199156/ .

This book contains a selection of refereed papers presented at the " International Conference on Operations Research (OR 2013) " which took place at Erasmus University Rotterdam September 3-6, 2013. The conference was jointly organized by the German and the Dutch OR Society. More than 800 scientists and students from over 50 countries attended OR 2013 and presented more than 600 papers in parallel topical streams, as well as special award sessions. The theme of the conference and its proceedings is "Impact on People,

Business and Society".
