Organizational Problems: The Root Cause & Fix to Your ...

The five most common problems we have experienced in our work with client organizations over the past 35 years are outlined below.

1. Absence of clear direction. Lack of direction is one of the most common organizational problems and it stems from two root causes: The leader or leaders rarely discuss or chart a deliberate direction or strategy for the future, or they fail to communicate a coherent message about the strategy to all members of the organization.
