Follow Through was the largest and most expensive experimental project in education funded by the U.S. federal government that has ever been conducted. The most extensive evaluation of Follow Through data covers the years 1968–1977; however, the program continued to receive funding from the government until 1995.

Follow Through (project) - Wikipedia

Come Follow Me is a discipleship course written specifically for new believers in Jesus from a Muslim background. It is relevant to the issues they face, is rooted in inductive Bible study, and for use in a regular, relational way (1:1 or in a group). It is also reproducible, so that those who complete the course can use it with others in turn.
