The best testimonial evidence for a spiritual realm is the Bible itself. Historians, both Christian and non-Christian, agree that the historical authenticity of the Bible is strong. Jesus claimed to be God's Son, the One who came down from heaven. He made this fact quite clear: “You are from below; I am from above.

Abraham said the key was the Bible. This is what salvation is based upon. We are not told very many things in the Bible about people who are directly said to have went to heaven or to hell. Very few times are we actually given the names of specific individuals.

Neurosurgeon, Dr. Eben Alexander, was brain dead for seven days. During that period he believes that he went through death's door and experienced the incredible beauty of Heaven. While he was there, he was given a message to bring back to the world. For him, the vision was life-changing. From being a scientist and a secular materialist, his worldview was transformed. Because of what happened to him, he now believes in the miraculous and in a life beyond death. But did he experience reality? Was the message that he was given true? Coleman Luck has spent decades studying illusions and the paranormal, both as a professional writer in Hollywood where illusion is the stock-in-trade, and as a mentalist and member of the Academy of Magical Arts at the world-famous Magic Castle in Hollywood. Also, he is a student of the Bible, educated at the Moody Bible Institute in Chicago. From this unique perspective Coleman examines the profound visions and truth-claims presented in Proof of Heaven. Coleman's other books include Angel Fall and The Mentalist Prophecies - Book One: Dagon's Illusion.

which Jesus reveals and explains to him, concerning God's entire creation. Whether you are a pet lover or not, you will gain a greater understanding of the immense love of Jesus, for all of His creation. After reading this testimony, you will look at love and forgiveness in a whole new light.

A New York Times bestselling historian of early Christianity takes on two of the most gripping questions of human existence: where did the ideas of heaven and hell come from and why do they endure? What happens when we die? A recent Pew Research poll showed that 72% of Americans believe in a literal heaven and 58% believe in a literal hell. Most people who hold these beliefs are Christian and assume they are the age-old teachings of the Bible. But eternal rewards and punishments are found nowhere in the Old Testament and are not what Jesus or his disciples taught. So where did these ideas come from? In this “eloquent understanding of how death is viewed through many spiritual traditions” (Publishers Weekly, starred review), Bart Ehrman recounts the long history of the afterlife, ranging from The Epic of Gilgamesh up to the writings of Augustine, focusing especially on the teachings of Jesus and his early followers. He discusses ancient guided tours of heaven and hell, in which a living person observes the sublime blessings of heaven for those who are saved and the horrifying torments of hell for those who are damned. Some of these accounts take the form of near death experiences, the oldest on record, with intriguing similarities to those reported today. One of Ehrman’s startling conclusions is that there never was a single Greek, Jewish, or Christian understanding of the afterlife, but numerous competing views. Moreover, these views did not come from nowhere; they were intimately connected with the social, cultural, and historical worlds out of which they emerged. Only later, in the early Christian centuries, did they develop into notions of eternal bliss or damnation widely accepted today. In this “elegant history” (The New Yorker), Ehrman helps us reflect on where our ideas of the afterlife come from. With his “richly layered-narrative” (The Boston Globe) he assures us that even if there may be something to hope for when we die, there certainly is nothing to fear.

The #1 New York Times bestselling account of a neurosurgeon's own near-death experience—for readers of 7 Lessons from Heaven. Thousands of people have had near-death experiences, but scientists have argued that they are impossible. Dr. Eben Alexander was one of those scientists. A highly trained neurosurgeon, Alexander knew that NDEs feel real, but are simply fantasies produced by brains under extreme stress. Then, Dr. Alexander’s own brain was attacked by a rare illness. The part of the brain that controls thought and emotion—and in essence makes us human—shut down completely. For seven days he lay in a coma. Then, as his doctors considered stopping treatment, Alexander’s eyes popped open. He had come back. Alexander’s recovery is a medical miracle. But the real miracle of his story lies elsewhere. While his body lay in coma, Alexander journeyed beyond this

world and encountered an angelic being who guided him into the deepest realms of super-physical existence. There he met, and spoke with, the Divine source of the universe itself. Alexander's story is not a fantasy. Before he underwent his journey, he could not reconcile his knowledge of neuroscience with any belief in heaven, God, or the soul. Today Alexander is a doctor who believes that true health can be achieved only when we realize that God and the soul are real and that death is not the end of personal existence but only a transition. This story would be remarkable no matter who it happened to. That it happened to Dr. Alexander makes it revolutionary. No scientist or person of faith will be able to ignore it. Reading it will change your life.

In *Revealing Heaven*, Reverend John W. Price makes the case for how near-death experiences can be gifts from God and are fully compatible with Christian spirituality and the Bible. As a pastor open to near-death experiences, he has heard more than 200 personal accounts of this phenomena. Todd Burpo's bestselling book *Heaven Is for Real*, the story of a young child's near-death experience, has validated the existence of heaven and of God for many. Yet there are Christians who remain uncomfortable with the idea of near-death experiences; they wonder if these events are in line with the Bible and Christian teaching. In *Revealing Heaven: The Christian Case for Near-Death Experiences*, Reverend Price shares compelling testimonies that prove that Christians can not only trust near-death experiences as valid and consistent with Biblical teaching, but he demonstrates how they can help us understand death, grief, and what happens after this life is over, and provides ample reasons for us to be open to these amazing stories and to hope for what we've always dreamed about.

Looks at the experiences of people who have had near death experiences and compares it to religious and philosophical beliefs about the afterlife from around the world.

#1 New York Times best-seller with more than 11 million copies sold and Amazon's #17 best-selling book of all time. *Heaven Is for Real* was the best-selling non-fiction book of 2011 as reported by Nielsen's Bookscan, and was developed as a major motion picture by Sony in 2014. "Do you remember the hospital, Colton?" Sonja said. "Yes, mommy, I remember," he said. "That's where the angels sang to me." When Colton Burpo made it through an emergency appendectomy, his family was overjoyed at his miraculous survival. What they weren't expecting, though, was the story that emerged in the months that followed—a story as beautiful as it was extraordinary, detailing their little boy's trip to heaven and back. Colton, not yet four years old, told his parents he left his body during the surgery—and authenticated that claim by describing exactly what his parents were doing in another part of the hospital while he was being operated on. He talked of visiting heaven and relayed stories told to him by people he met there whom he had never met in life, sharing events that happened even

before he was born. He also astonished his parents with descriptions and obscure details about heaven that matched the Bible exactly, though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton tells of meeting long-departed family members. He describes Jesus, the angels, how "really, really big" God is, and how much God loves us. Retold by his father, but using Colton's uniquely simple words, *Heaven Is for Real* offers a glimpse of the world that awaits us, where as Colton says, "Nobody is old and nobody wears glasses." *Heaven Is for Real* will forever change the way you think of eternity, offering the chance to see, and believe, like a child. Continue the Burpos story in *Heaven Changes Everything: The Rest of Our Story*. *Heaven Is for Real* also is available in Spanish, *El cielo es real*.

*Proof of God* is the true diary and testimony of a Christian minister's near-death experience and extraordinary, spiritual life spanning over many years. It includes her beliefs today concerning the Bible and the return of Jesus Christ. This book is for anyone confused or searching for answers concerning life after death, God, Jesus, Heaven, hell, the two Marys, and the meaning of life. It is one of the most important books to read before one dies in the physical, written by a witness to these things. "All people are children of God. Only God can judge us, and it is by what is within us, not eternal things."

It's obvious from the bookshelves and the big screen that heaven is on everyone's mind. All of us long to know what life after death will be like. Bestselling author John Burke is no exception. For decades, he has been studying accounts of people who have had near-death experiences (NDEs). While not every detail of individual NDEs correlate with Scripture, Burke shows how the common experiences shared by thousands of survivors clearly point to the God of the Bible and the exhilarating picture of heaven he promises. *Imagine Heaven* is an inspirational journey through the Bible's picture of heaven, colored in with the real-life stories of heaven's wonders. Burke compares gripping stories of NDEs to what Scripture says about our biggest questions of heaven: Will I be myself? Will I see friends and loved ones? What will it look like? What is God like? What will we do forever? What about children and pets? This book will propel readers into an experience that will forever change their view of the life to come and the way they live life today. It also tackles the tough questions of heavenly reward and hellish NDEs. Anyone interested in NDEs or longing to imagine heaven more clearly will enjoy this fascinating and hope-filled book.

Heaven visitations are all the rage today. A retelling of the sights, sounds, and smells of a supposed trip to Heaven can land an author at the top of the bestseller list and produce enough speaking engagements, morning television appearances, news segments, and interviews on Christian TV and radio to keep him at the top of the bestseller list for quite some time. In this book, author and pastor

Jim Osman of Kootenai Community Church examines the claims of Heaven Tourists: Don Piper (90 Minutes in Heaven), Colton and Todd Burpo (Heaven Is for Real) and Eben Alexander (Proof of Heaven). Pastor Osman offers a critical theological critique of their writings and media appearances, comparing their claims to Scripture and to each other. He also examines their stories for internal consistency. He shows that these "eye-witness" testimonies of Heaven are not only self contradictory, but more importantly, they contradict Scripture. Pastor Osman calls upon faithful Christians everywhere to reject these cleverly devised fables and affirm their commitment to the sufficiency of Scripture as God's infallible and final revelation. This book will equip you to expose the errors of the Heaven Tourism industry and to defend the truth of Scripture. By providing critical theological reviews of these three bestsellers, this book helps expose the errors made by ALL those who claim to have visited Heaven.
