Buy Psychology for Musicians: Understanding and Acquiring the Skills Illustrated by Lehmann, Andreas C., Sloboda, John A., Woody, Robert H. (ISBN: 0884108600559) from Amazon's Book Store. Everyday low prices and free delivery on eligible orders.

Psychology for Musicians: Understanding and Acquiring the ...

Abstract. This book provides a concise, accessible, and up-to-date introduction to psychological research for musicians, performers, music educators, and studio teachers. Designed to address the needs and priorities of the performing musician rather than the research community, it reviews the relevant psychological research findings in relation to situations and issues faced by musicians, and draws out practical implications for the practice of teaching and performance.

Psychology for Musicians: Understanding and Acquiring the ...

Virtually everyone likes music and has the capacity to be musical in some way (despite what some may say about themselves). Yet far fewer people come to be so involved with it that they identify themselves as musicians, and fewer still become musicians of international class. Psychology for Musicians provides the basis for answering this question. Examining the processes that underlie the acquisition of musical skills, Lehmann, Sloboda, and Woody provide a concise, accessible, and up-to-date ...
