Moving away from the common/traditional focus on studying organizations from a distance, this highly engaging book introduces the idea of studying them from the inside. Inside Organizations: Exploring Organizational Experiences guides placement students, and any student undertaking part-time work in an organization, through 'insider inquiry', helping them to develop key reflexive and critical thinking skills for their future careers. It encourages you to pay attention to what goes on in organizations, to question what you experience and ultimately to make sense of how organizations function, helping you to develop key reflexive and critical thinking skills for your future careers. This book is ideal for students on programmes with a placement or internship element such as business and management, nursing and health, and education and is especially useful to those doing reflective journals and essays.

Scientific Essay from the year 2006 in the subject Medicine - Other, , course: Bsc, language: English, abstract: Wound care is an integral aspect within dispensation of holistic nursing care. Reflective practice has been established as an effective methodology to learning. This essay takes readers through the journey of reflective practice in the quest of delivering evidence informed nursing care. Due to the fact that I am taking my overseas nurses program in an elderly care set up, I have chosen to explore wound care to augment my existing knowledge and learn new skills to achieve a robust and empirically sound approach in wound management in an elderly care setting. Due to its effectiveness and popularity among authors, I have integrated a critical incident in this essay to form a platform from which to examine reflective nursing practice.

"Terrifying... Eloquent... A heart-rending drama of human yearning."

hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a

certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

The classic study of human nature which depicts the degeneration of a group of schoolboys marooned on a desert island.

Stephen Crane's immortal masterpiece about the nightmare of war was first published in 1895 and brought its young author immediate international fame. Set during the Civil War, it tells of the brutal disillusionment of a young recruit who had dreamed of the thrill and glory of war, only to find himself fleeing the horror of a battlefield. Shame over his cowardice drives him to seek to redeem

Essay from the year 2009 in the subject Business economics - Personnel and Organisation, printed single-sided, grade: 2,3, Swinburne University of Technology, Melbourne, course: Human Resource Development, language: English, abstract: Experiential education describes a didactic model which is based on the assumption that only a direct and practical examination of the learning content allows for a effective and meaningful learning. In this concept the learner takes the centre stage. David Kolb's 'Experiential Learning Cycle' is a concept within this approach which describes the ideal relation between experience and future action. According to this model learning is a circular process with the subsequent elements: concrete experience, reflective observation, abstract conceptualisation and active experimentation.
