Follows the lives and escapes of three Microsoft software engineers who developed Chrome and DirectX, which allowed three-dimensional graphics and computer games, without permission from Microsoft.

The figure of the renegade - a European Christian or Jew who had converted to Islam and was now serving the Ottoman sultan - is omnipresent in all genres produced by those early modern Christian Europeans who wrote about the Ottoman Empire. As few contemporaries failed to remark, converts were disproportionately represented among those who governed, administered, and fought for the sultan. Unsurprisingly, therefore, renegades have attracted considerable attention from historians of Europe as well as students of European literature. Until very recently, however, Ottomanists have been surprisingly silent on the presence of Christian-European converts in the Ottoman military-administrative elite. The Sultan's Renegades inserts these 'foreign' converts into the context of Ottoman elite life to reorient

the discussion of these individuals away from the present focus on their exceptionalism, towards a qualified appreciation of their place in the Ottoman imperial enterprise and the Empire's relations with its neighbours in Christian Europe. Drawing heavily on Central European sources, this study highlights the deep political, religious, and cultural entanglements between the Ottoman Empire and Christian Europe beyond the Mediterranean Basin as the 'shared world' par excellence. The existence of such trans-imperial subjects is not only symptomatic of the Empire's ability to attract and integrate people of a great diversity of backgrounds, it also illustrates the extent to which the Ottomans participated in processes of religious polarization usually considered typical of Christian Europe in this period. Nevertheless, Christian Europeans remained ambivalent about those they dismissed as apostates and traitors, frequently relying on them for support in the pursuit of familial and political interests.

Skulls Renegade MC: First Generation is a boxset filled with ten full length novels and a bonus content piece that concludes the Skulls Renegade MC series. Reign A woman on a mission to take down a big, bad biker club gets more than she bargains for. Redemption He's loved her for years after her heart was broken by another. Now it's their chance to see how things go. Revenge Even in the dark, some find the light. A quest for revenge brings some people together and tears others apart. Relentless A biker is sent to be security for an up and coming pop artist. Absolutely nothing could go wrong . . . until it does. Reckoning Two misunderstood monsters find love in one another's arms. Rectified . . . the bonus content piece that you've been waiting for. What happens when the Romanian Clans meets the outcasts? Reclaimed They tried it once and failed, but the years have passed and hearts have been molded. Will these two have their happily ever after? Reckless Two brothers and one woman. They're each what she needs, but will one make her question everything? Regret Chaos refuses to live with regret, so he'll do everything he can to make sure it works. Reclusive Claiming a woman he's never met before, he's sure to find out what the true meaning of love is. Retribution He's loved her from afar, but now it's time for their romance to fully blossom.

This new anthology brings together the most diverse and recent voices in postcolonial theory to emerge since 9/11, alongside classic texts in established areas of postcolonial studies. Brings fresh insight and renewed political energy to established domains such as nation, history, literature, and gender Engages with contemporary concerns such as globalization, digital cultures, neo-colonialism, and language debates Includes wide geographical coverage – from Ireland and India to Israel and Palestine Provides uniquely broad coverage, offering a full sense of the tradition, including significant essays on science, technology and development, education and literacy, digital cultures, and transnationalism Edited by a distinguished postcolonial scholar, this insightful volume serves scholars and students across multiple disciplines from literary and cultural studies, to anthropology and digital studies

In the tradition of Star Wars, a galaxy-hopping space adventure about a galactic kingdom bent on control and the young misfit who must find the power within before it's too late. Cade Sura holds the future of the galaxy in his hands: the ultimate weapon that will bring total peace. He didn't ask for it, he doesn't want it, and there's no worse choice to wield it in all of space, but if he doesn't, everyone's totally screwed. The evil Praxis kingdom is on the cusp of having every star system under its control, and if that happens, there'll be no contesting their cruel reign. Especially if its fanatical overlord, Ga Halle, manages to capture Cade and snag the all-powerful weapon for herself. Cade can't hide from Praxis, and he can't run from the destiny that's been shoved into his hands. So he only has one option: He has to fight. Cade's not

going to let destiny send him on a suicide run, though. With some help from his friends—rebels and scoundrels alike—Cade's going to use this weapon to chart a new destiny for the galaxy, and for himself. He just has to do so before everyone around him discovers that he's a complete and total fraud. Blending the space operatics of Star Wars and the swagger of Guardians of the Galaxy, Black Star Renegades is a galaxy-hopping adventure that blasts its way from seedy spacer bars to sacred temples guarded by deadly creatures—all with a cast of misfit characters who have nowhere to go and nothing to lose.

The Renegade Wife kicks off the new Children of the Empire series, companion stories to award-winning author Caroline Warfield's Dangerous series. Raised with all the privilege of the English aristocracy, forged on the edges of the British Empire, men and woman of the early Victorian age seek their own destiny and make their mark on history. The Renegade Wife is the story of healing and a journey home, of choices and the freedom to make them, set in 1832 in Upper Canada and in England. Two hearts betrayed by love... Desperate and afraid, Meggy Blair will do whatever it takes to protect her children. She'd hoped to find sanctuary from her abusive husband with her Ojibwa grandmother, but can't locate her. When her children fall ill, she finds shelter in an isolated cabin in Upper Canada. But when the owner unexpectedly returns, he's furious to find squatters disrupting his self-imposed solitude. Reclusive businessman Rand Wheatly had good reason to put an ocean between himself and the family that deceived him. He just wants the intrusive woman gone, but it isn't long before Meggy and the children start breaking down the defensive walls he's built. But their fragile interlude is shattered when Meggy's husband appears to claim his children, threatening to have Rand jailed. The only way for Meggy to protect Rand is to leave him. But when her husband takes her and the children to England, Meggy discovers he's far more than an abuser; what he's involved in endangers all their lives. To rescue the woman who has stolen his heart, Rand must follow her and do what he swore he'd never do: reconcile with his aristocratic family and finally uncover the truth behind all the lies. But time is running out for them all.

The figure of the renegade - a European Christian or Jew who had converted to Islam and was now serving the Ottoman sultan - is omnipresent in all genres produced by those early modern Christian Europeans who wrote about the Ottoman Empire. As few contemporaries failed to remark, converts were disproportionately represented among those who governed, administered, and fought for the sultan. Unsurprisingly, therefore, renegades have attracted considerable attention from historians of Europe as well as students of European literature. Until very recently, however, Ottomanists have been surprisingly silent on the presence of Christian-European converts in the Ottoman military-administrative elite. The Sultan's Renegades inserts these 'foreign' converts into the context of Ottoman elite life to reorient the discussion of these individuals away from the present focus on their exceptionality, towards a qualified appreciation of their place in the Ottoman imperial enterprise and the Empire's relations with its neighbours in Christian Europe. Drawing heavily on Central European sources, this study highlights the deep political, religious, and cultural entanglements between the Ottoman Empire and Christian Europe beyond the Mediterranean Basin as the 'shared world' par excellence. The existence of such trans-imperial subjects is not only symptomatic of the Empire's ability to attract and integrate people of a great diversity of backgrounds, it also illustrates the extent to which the Ottomans participated in processes of religious polarization usually considered typical of Christian Europe in this period. Nevertheless, Christian Europeans remained ambivalent about those they dismissed as apostates and traitors, frequently relying on them for support in the pursuit of familial and political interests.

Aruges that criminals, prostitutes, rebels and other people on the fringes of society were largely responsible for such American achievements as the American Revolution, labor unions, women's liberation, the fall of the Soviet Union, gay rights and much more. By the author of Out of the Jungle: Jimmy Hoffa and the Re-Making of the American Working Class.

Listen up, and listen good- I'll only say this shit once!Two Tricks does not work with MC gangs, and that's final. Period. The end. No. No, you don't get to ask why. Tricks runs the West Coast smuggling ring, so if you want anything to come and go, you play by the rules. You don't like it? Well, then you're gonna get a visit from me. Who am I? I'm Dax, his enforcer, and don't let my height or the pink hair fool you. I'll take your ass down. Now, can someone explain to me why the hell the Phantom Saints MC gang sent someone to try and talk me into getting Tricks to work with them? Or maybe how those same assholes ended up kidnapping me? You can bet your ass, as soon as I get the chance, I will make them regret ever having me as a 'house guest', even if they are sexy as sin. No one uses me and gets away with it!Book 1 of the Hidden Empire seriesThis is a reverse harem, why choose romance where the leading lady doesn't have to choose who she loves or how many. Book contains 18+ content-swearing, sexual situations, and aggressive assertive alpha-hole men.

In a marketplace that demands perpetual upgrades, the survival of interactive play ultimately depends on the adroit management of negotiations between game producers and youthful consumers of this new medium. The authors suggest a model of expansion that encompasses technological innovation, game design, and marketing practices. Their case study of video gaming exposes fundamental tensions between the opposing forces of continuity and change in the information economy: between the play culture of gaming and the spectator culture of television, the dynamism of interactive media and the increasingly homogeneous mass-mediated cultural marketplace, and emerging flexible post-Fordist management strategies and the surviving techniques of mass-mediated marketing. Digital Play suggests a future not of democratizing wired capitalism but instead of continuing tensions between "access to" and "enclosure in" technological innovation, between inertia and diversity in popular culture markets, and between commodification and free play in the cultural industries.
