David Remnick is a writer with a rare gift for making readers understand the hearts and minds of our public figures. Whether it's the decline and fall of Mike Tyson, Al Gore's struggle to move forward after his loss in the 2000 election, or Vladimir Putin dealing with Gorbachev's legacy, Remnick brings his subjects to life with extraordinary clarity and depth. In Reporting, he gives us his best writing from the past fifteen years, ranging from American politics and culture to post-Soviet Russia to the Middle East conflict; from Tony Blair grappling with Iraq, to Philip Roth making sense of America's past, to the rise of Hamas in Palestine. Both intimate and deeply informed by history, Reporting is an exciting and panoramic portrait of our times.

From the inimitable New Yorker journalist Lillian Ross—"a collection of her most luminous New Yorker pieces" (Entertainment Weekly, grade: A). A staff writer for The New Yorker since 1945, Lillian Ross is one of the few journalists who worked for both the magazine's founding editor, Harold Ross, and its current editor, David Remnick. She "made journalistic history by pioneering the kind of novelistic nonfiction that inspired later work" (The New York Times). Reporting Always is a collection of Ross's iconic New Yorker profiles and "Talk of the Town" pieces that spans forty years. "This glorious collection by a master of the form" (Susan Orlean) brings the reader into the hotel rooms of Ernest Hemingway, John Huston, and Charlie Chaplin; Robin Williams's living room and movie set; Harry Winston's office; the tennis court with John McEnroe; Ellen Barkin's New York City home, the crosstown bus with upper east side school children; and into the lives of other famous, and not so famous, individuals. "Millennials would do well to study Ross and to study her closely," says Lena Dunham. Whether reading for pleasure or to learn about the craft, Reporting Always is a joy for readers of all ages.

David Remnick is a man much praised for his powers of observation, description and analysis, and Reporting contains his very best pieces from his first fifteen years as editor of The New Yorker. Here is Remnick on Don DeLillo, Philip Roth and The Sopranos; and here he is writing about Solzhenitsyn returning to Russia after nearly 20 years in exile, or on the failure of democracy in Mubarak's Egypt. Without doubt one of America's most gifted and widely read journalists, Remnick's style combines compassion, empathy, exuberance and humour, and in Reporting he brings the written word to life, describing the world with extraordinary vividness and exceptional depth.

A collection of The New Yorker's groundbreaking writing on race in America—including work by James Baldwin, Toni Morrison, Ta-Nehisi Coates, Hilton Als, Zadie Smith, and more—with a foreword by Jelani Cobb This anthology from the pages of the New Yorker provides a bold and complex portrait of Black life in America, told through stories of private triumphs and national tragedies, political vision and artistic inspiration. It reaches back across a century, with Rebecca West's classic account of a 1947 lynching trial and James Baldwin's "Letter from a Region in My Mind" (which later formed the basis of The Fire Next Time), and yet it also explores our current moment, from the classroom to the prison cell and the upheavals of what Jelani Cobb calls "the American Spring." Bringing together reporting, profiles, memoir, and criticism from writers such as Chimamanda Ngozi Adichie, Elizabeth Alexander, Hilton Als, Vinson Cunningham, Henry Louis Gates, Jr., Malcolm Gladwell, Jamaica Kincaid, Kelefa Sanneh, Doreen St. Félix, and others, the collection offers startling insights about this country's relationship with race. The Matter of Black Lives reveals the weight of a singular history, and challenges us to envision the future anew.

"Exuberant . . . elegantly conjures an evocative group dynamic." —Sam Roberts, New York Times From its birth in 1925 to the early days of the Cold War, The New Yorker slowly but surely took hold as the country's most prestigious, entertaining, and informative general-interest periodical. In Cast of Characters, Thomas Vinciguerra paints a portrait of the magazine's cadre of charming, wisecracking, driven, troubled, brilliant writers and editors. He introduces us to Wolcott Gibbs, theater critic, all-around wit, and author of an infamous 1936 parody of Time magazine. We meet the demanding and eccentric founding editor Harold Ross, who would routinely tell his underlings, "I'm firing you because you are not a genius," and who once mailed a pair of his underwear to Walter Winchell, who had accused him of preferring to go bare-bottomed under his slacks. Joining the cast are the mercurial, blind James Thurber, a brilliant cartoonist and wildly inventive fabulist, and the enigmatic E. B. White—an incomparable prose stylist and Ross's favorite son—who married The New Yorker's formidable fiction editor, Katharine Angell. Then there is the dashing St. Clair McKelway, who was married five times and claimed to have no fewer than twelve personalities, but was nonetheless a superb reporter and managing editor alike. Many of these characters became legends in their own right, but Vinciguerra also shows how, as a group, The New Yorker's inner circle brought forth a profound transformation in how life was perceived, interpreted, written about, and published in America. Cast of Characters may be the most revealing—and entertaining—book yet about the unique personalities who built what Ross called not a magazine but a "movement."

News * The Telegraph * Apple * Library Journal In this newly updated edition of the "meticulous and devastating" (Associated Press) account of violence and espionage that spent months on the New York Times Bestsellers list, Ronan Farrow exposes serial abusers and a cabal of powerful interests hell-bent on covering up the truth, at any cost - from Hollywood to Washington and beyond. In 2017, a routine network television investigation led to a story only whispered about: one of Hollywood's most powerful producers was a predator, protected by fear, wealth, and a conspiracy of silence. As Farrow drew closer to the truth, shadowy operatives, from high-priced lawyers to elite war-hardened spies, mounted a secret campaign of intimidation, threatening his career, following his every move, and weaponizing an account of abuse in his own family. This is the untold story of the exotic tactics of surveillance and intimidation deployed by wealthy and connected men to threaten journalists, evade accountability, and silence victims of abuse. From the winner of the National Book Award and the National Books Critics' Circle Award—and one of the most original thinkers of our time—"Andrew Solomon's magisterial Far and Away collects a quarter-century of soul-shaking essays" (Vanity Fair). Far and Away chronicles Andrew Solomon's writings about places undergoing seismic shifts—political, cultural, and spiritual. From his stint on the barricades in Moscow in 1991, when he joined artists in resisting the coup whose failure ended the Soviet Union, his 2002 account of the rebirth of culture in Afghanistan following the fall of the Taliban, his insightful appraisal of a Myanmar seeped in contradictions as it slowly, fitfully pushes toward freedom, and many other stories of profound upheaval, this book provides a unique window onto the very idea of social change. With his signature brilliance and compassion, Solomon demonstrates both how history is altered by individuals, and how personal identities are altered when governments alter. A journalist and essayist of remarkable perception and prescience, Solomon captures the essence of these cultures. Ranging across seven continents and twenty-five years, these "meaty dispatches...are brilliant geopolitical travelogues that also comprise a very personal and reflective resume of the National Book Award winner's globe-trotting adventures" (Elle). Far and Away takes a magnificent journey into the heart of extraordinarily diverse experiences: "You will not only know the world better after having seen it through Solomon's eyes, you will also care about it more" (Elizabeth Gilbert).

The instant New York Times bestseller. "An instant classic of investigative journalism... 'All the President's Men' for the Me Too era." — Carlos Lozada, The Washington Post From the Pulitzer Prize-winning reporters who broke the news of Harvey Weinstein's sexual harassment and abuse for the New York Times, Jodi Kantor and Megan Twohey, the thrilling untold story of their investigation and its consequences for the #MeToo movement For many years, reporters had tried to get to the truth about Harvey Weinstein's treatment of women. Rumors of wrongdoing had long circulated. But in 2017, when Jodi Kantor and Megan Twohey began their investigation into the

prominent Hollywood producer for the New York Times, his name was still synonymous with power. During months of confidential interviews with top actresses, former Weinstein employees, and other sources, many disturbing and long-buried allegations were unearthed, and a web of onerous secret payouts and nondisclosure agreements was revealed. These shadowy settlements had long been used to hide sexual harassment and abuse, but with a breakthrough reporting technique Kantor and Twohey helped to expose it. But Weinstein had evaded scrutiny in the past, and he was not going down without a fight; he employed a team of high-profile lawyers, private investigators, and other allies to thwart the investigation. When Kantor and Twohey were finally able to convince some sources to go on the record, a dramatic final showdown between Weinstein and the New York Times was set in motion. Nothing could have prepared Kantor and Twohey for what followed the publication of their initial Weinstein story on October 5, 2017. Within days, a veritable Pandora's box of sexual harassment and abuse was opened. Women all over the world came forward with their own traumatic stories. Over the next twelve months, hundreds of men from every walk of life and industry were outed following allegations of wrongdoing. But did too much change—or not enough? Those questions hung in the air months later as Brett Kavanaugh was nominated to the Supreme Court, and Christine Blasey Ford came forward to testify that he had assaulted her decades earlier. Kantor and Twohey, who had unique access to Ford and her team, bring to light the odyssey that led her to come forward, the overwhelming forces that came to bear on her, and what happened after she shared her allegation with the world. In the tradition of great investigative journalism, She Said tells a thrilling story about the power of truth, with shocking new information from hidden sources. Kantor and Twohey describe not only the consequences of their reporting for the #MeToo movement, but the inspiring and affecting journeys of the women who spoke up—for the sake of other women, for future generations, and for themselves.
