This translation is an essential and classic work of Advaita Vedanta. It is a consummate work of the spirit, an astonishing description of direct Nondual experience and understanding.H.H. Sri Chandrasekharendra Sarasvati, a Sankaracharya of the Kanchi Kamakoti Peetham, stated in glowing terms that the Ribhu Gita is to the Sivarahasyam what the Bhagavad Gita is to the Mahabharata.First-hand descriptions of the experience of Nonduality are precious and rare. None is more powerful than this classic. Its uncompromising declaration communicates the uninterrupted direct experience of the Sage known as Ribhu. The language is accessible, forceful -- and points clearly beyond the limits of time and circumstance. The Indian cultural frame, traditional dialog between Guru and disciple, is subsumed into the directly penetrating insight that is absolute, beyond any concept.In this second edition, footnotes have been added presenting alternative meanings to the word or phrase immediately preceding the footnote number or show the Sanskrit word in transliterated form that has been translated into English. This second edition also contains an enhanced glossary from the original first edition. In addition, The 108 Names of Ribhu, in Sanskrit and English, is included in this new edition.May we all recognize in this text the freedom and happiness of the Absolute, our True Nature, as reflected in the words of the great Sage Ribhu!

From the moment we emerge into the world as an infant we begin a journey of experience. We all share the desire to be happy. In this journey we will all experience emotional and physical pain and the loss of what we love. How we meet our losses and pains will determine the amount of peace we have in our lives. If we meet them as the hardened warrior or the defeated victim we live from survival and peace escapes us. In Medicine of One, Lomakayu, spiritual teacher, Soul Dreamer, and the originator of primordial movements for emotional healing, offers us a path to spiritual awareness, self-compassion and freedom that is as simple as a Circle. Using his own unique teachings, personal experience, and poetic language, he shares a path that will enliven, bring clarity, inspire, and fulfill you no matter where you are in life. Allow yourself to open the pages of Medicine of One ... breathe in the words ... and slowly grasp all you can from what is written. You will find yourself in a Circle full of deep understanding and self compassion.

The Society of Abidance in Truth (SAT) has published the first complete translation into English of the Tamil book The Song of Ribhu. This classic work of Advaita Vedanta (nonduality) has ancient origins, probably dating from the period of the Upanisads. Sri Ramana Marharshi regularly recommended it to spiritual seekers. The Song of Ribhu is instruction by the sage Ribhu to his disciple Nidagha to assist him in realizing the ultimate Truth. For any spiritual seeker interested in Self-knowledge, it provides a detailed and lyrical description of Self-Realization, Enlightenment, or the Realization of the Absolute. This translation, in eight-line verse that simulates the Tamil original verses, is the result of several years work by Dr. H. Ramamoorthy, the Indian religious scholar and Nome, a teacher of the Society of Abidance in Truth. They have collaborated in translating several ancient works of Advaita, including previously unavailable works of Sankara and the English translation of the Sanskrit Ribhu Gita, published by SAT in 1995. The Song of Ribhu and the Ribhu Gita are two distinct works. Although this Tamil Song of Ribhu and the Sanskrit Ribhu Gita are based in the same ancient teachings they are quite different in form. The verses, for example, cannot be directly aligned. The Sanskrit resembles a more spontaneous outpouring of expression of nondual Realization, while the Tamil text not only contains much different content but a more systematic arrangement of the expression of nondual Realization. The serious seeker is therefore well advised to seek benefit from both. The Tamil work is also warmly recommended by H.H. Sri Chandrasekharendra Sarasvati Swamigal Sankaracharya (Kanchipuram), and Srila Sri Tatavirtthu Nachiappa Gnanadesiki Swami (Kovilur Math). This new publication is the translation of this unique text that is so highly recommended by sages and holy persons of India.

This volume is two books in one. It contains the Sanskrit text and transliteration of Sri Ramana Maharshi ' s Saddarsanam (Truth Revealed) with Nome ' s English translation, and it contains Nome ' s detailed spoken commentary on the Maharshi ' s text, which is derived from the combination of the transcripts of two Truth Revealed retreats held at the SAT temple. The translation includes numerous alternative interpretations. The " Inquiry into the Revelation of Truth and Oneself " explains the profound, nondual meaning, phrase by phrase, and includes dialogues answering a plethora of spiritual questions pertaining to Self-inquiry and Self-Knowledge.

In interpreting the timeless wisdom of the ancient Ashtavakra Gita for modern sensibilities, Manuel Schoch shows us very practically, step by step, how one can simply observe, instead of constantly reacting, projecting, desiring, and struggling in life. Instead of identifying with forms (the body, thoughts, feelings, habits, and experience) one can be connected to the everlasting consciousness that manifests forms. Out of this stillness emerge the qualities of life, love, peace, compassion, bliss, and enlightenment.

Wu Hsin repeatedly returns to three key points. First, on the phenomenal plane, when one ceases to resist What-Is and becomes more in harmony with It, one attains a state of Ming, or clear seeing. Having arrived at this point, all action becomes wei wu wei, or action without action (non-forcing) and there is a working in harmony with What-Is to accomplish what is required. Second, as the clear seeing deepens (what he refers to as the opening of the great gate), the understanding arises that there is no one doing anything and that there is only the One doing everything through the many and diverse objective phenomena which serve as Its instruments. From this flows the third and last: the seemingly separate me is a misapprehension, created by the mind which divides everything into pseudo-subject (me) and object (the world outside of this me). This seeming two-ness (dva in Sanskrit, duo in Latin, dual in English), this feeling of being separate and apart, is the root cause of unhappiness.

A beautifully realized synthesis of the ancient tradition of Advaita Vedanta and Tantra.
