Sleeping with the Dictionary creates an English unmade, an unEnglish made, one that participates in a racially inflected composite culture. The poems similarly unravel and recast narrative: “ The way the story goes, a trespassing towheaded pre-teen barged into the rustic country cottage of a nuclear family of anthropomorphic bruins ” or “ ... our story unwinds with the curious dynamics of an action flick without a white protagonist. ”

Harryette Mullen’s fifth poetry collection, *Sleeping with the Dictionary*, is the abecedarian offspring of her collaboration with two of the poet’s most seductive writing partners, Roget’s Thesaurus and The American Heritage Dictionary. In her m é nage à trois with these faithful companions, the poet is aware that while Roget seems obsessed with categories and hierarchies, the American Heritage, whatever its faults, was compiled with the assistance of a democratic usage panel that included black poets Langston Hughes and Ama Bontemps, as well as feminist author and editor Gloria Steinem. With its arbitrary yet determinat alphabetical arrangement, its gleeful pursuit of the ludic pleasure of word games (acrostic, anagram, homophone, parody, pun), as well as its reflections on the politics of language and dialect, Mullen’s work is serious play. A number of the poems are inspired or influenced by a technique of the international literary avant-garde group Oulipo, a dictionary game called S+7 or N+7. This method of textual transformation—which is used to compose nonsensical travesties reminiscent of Lewis Carroll’s “Jabberwocky”—also creates a kind of automatic poetic discourse. Mullen’s parodies reconceive the African American’s relation to the English language and Anglophone writing, through textual reproduction, recombining the genetic structure of texts from the Shakespearean sonnet and the fairy tale to airline safety instructions and unsolicited mail. The poet admits to being “kicked all over by the English tongue,” and the title of this book may remind readers that an intimate partner who also gives language lessons is called, euphemistically, a “pillow dictionary.”

From an award-winning novelist, a stunning portrait of late Raj India—a sweeping saga and a love story set against a background of huge political and cultural upheaval. YOU ASK FOR MY NAME, THE REAL ONE, AND I CANNOT TELL. IT IS NOT FOR LACK OF EFFORT. In 1930, a great ocean wave blots out a Bengali village, leaving only one survivor, a young girl. As a maidservant in a British boarding school, Pom is renamed Sarah and discovers her gift for languages. Her private dreams almost die when she arrives in Kharagpur and is recruited into a secretive, decadent world. Eventually, she lands in Calcutta, renames herself Kamala, and creates a new life rich in books and friends. But although success and even love seem within reach, she remains trapped by what she is . . . and is not. As India struggles to throw off imperial rule, Kamala uses her hard-won skills—for secrecy, languages, and reading the unspoken gestures of those around her—to fight for her country ’ s freedom and her own happiness.

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son’s fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don’t know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, “each the other’s world entire,” are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. “Harryette Mullen is a magician of words, phrases, and songs: . . . No voice in contemporary poetry is quite as original, cosmopolitan, witty, and tragic.” --Susan Stewart, citation for the Academy of American Poets Fellowship [Urban tumbleweed](#), some people call it, discarded plastic bag we see in every city blown down the street with vagrant wind. --from [Urban Tumbleweed](#) [Urban Tumbleweed](#) is the poet Harryette Mullen’s exploration of spaces where the city and the natural world collide. Written out of a daily practice of walking, Mullen’s stanzas adapt the traditional Japanese tanka, a poetic form suited for recording fleeting impressions, describing environmental transitions, and contemplating the human being’s place in the natural world. But, as she writes in her preface, “What is natural about being human? What to make of a city dweller taking a ‘nature walk’ in a public park while listening to a podcast with ear-bud headphones?”

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children’s imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn’t stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Barbara Kingsolver’s acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards.
