Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vysin, Jeff Bry, Faye Jones

Never HIGHLIGHT a Book Again! Virtually all of the testable terms, concepts, persons, places, and events from the textbook are included. Cram101 Just the FACTS101 studyguides give all of the outlines, highlights, notes, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. Accompany: 9780029079409 .

Printed booklet of Chapter Tests and Lesson Quizzes include all the editable tests available in McGraw-Hill eAssessment online. Use the printed format to preview online test questions or print for paper and pencil tests. Chapter tests include traditional and document-based question tests.

The most popularly read, adapted, anthologized, and incorporated primer on sociology ever written for modern readers Acclaimed scholar and sociologist Peter L. Berger lays the groundwork for a clear understanding of sociology in his straightforward introduction to the field, much loved by students, professors, and general readers. Berger aligns sociology in the humanist tradition-revealing its relationship to the humanities and philosophy-and establishes its importance in thinking critically about the modern world. Throughout, Berger presents the contributions of some of the most important sociologists of the time, including Max Weber, Emile Durkheim, Vilfredo Pareto, and Thorstein Veblen.
