What is a detox soup cleanse? A detox soup cleanse is the process of cleansing your system by only consuming fruits and vegetables that are either blended, pureed or chopped into small pieces so that your body can easily digest and absorb the nutrients. A detox soup is comprised of a pot of healthy foods that are nutrient dense and will help to revitalize your system and promote a healthy gut.

The best part is, this recipe comes together in just 20 minutes in one large pot. So cleanup is a breeze!

## *Healthy and Easy Vegetable Detox Soup Recipe | The Recipe ...*

A bowl of soup is the ultimate comfort in the wind, rain, and snow, but to turn it into a cleanse, we need to focus on ingredients with detoxifying elements. Much like detoxifying smoothies and drinks, warm soups can be just as beneficial to helping your body get rid of the toxins that you do not want.
