"With an emphasis on global advantage, the text offers a comprehensive examination of regional and international issues to provide a complete, accurate and up-to-date explanation of the strategic management process. New coverage on environmental concerns and emerging technologies as well as examples and cases from Australia, New Zealand and Asia-Pacific serve to engage students while updated international content demonstrates how strategic management is used in the global economy. The text takes a "resource-based" approach, which requires the examining of a firm's unique bundling of its internal resources." --Publisher's website.

Strategic Management: Competitiveness and Globalization, 4e continues the authors tradition of quality and excellence in presenting how firms achieve strategic competitiveness, through a timely and clear writing style. The text uniquely focuses the strategic management process on the outcome and integrates the resource-based view of the firm with the more traditional I/O mode in explaining how firms build a sustained competitive advantage. This text contains the concepts portion only--customized case selections are available through Custom Publishing.
