Whether you are a step-parent or step-child, Gayle Geffner offers astrological insight and personal wisdom while demonstrating how to grow into a happy and loving family. Intermediate and advanced astrologers will find the information and synastry methods used in this book incredibly valuable. Beginners and non-astrologers will also benefit from the book when used in conjunction with general introductory astrology books. Using an innovative approach as a viable way for step-families to come together and bond, Gayle demonstrates these concepts through numerous examples, including the British royal family: synastry between step-parents and step-children; astrological timing; retrograde planets; secondary progressions; lunar nodes; dwads; the Moon; and Saturn. Known as the "practical astrologer," Gayle Geffner deals with the day-to-day situations that affect all of us. Rather than focusing on negatives, she explains how to work with and through them, emphasizing the positive while showing how to dig into a chart to find opportunity, be it for family bonding or another area of life. Gayle is an international astrologer with more than thirty years experience. She is the author of Pathways to Success: Discover Your Career Potential Through Astrology, and her articles have appeared in Aspects, Regulus Ebertin Newsletter, Baltimore NCGR Newsletter, Geocosmic Journal, NCGR E-News, and Today’s Astrologer. She is co-author of Astrology At A Glance, a classroom guide for beginners.

Practicing Western astrologer Agneta Borstein uses an East-West astrological approach to the lunar nodes, their role in synastry, and their importance in the process of the evolving soul. In addition, her familiarity with the Vedic system and its mythology brings a unique perspective to her interpretation of the nodes. This is a revised and expanded edition of The Moon’s Nodes. A Churning Process of the Soul first published in 2004 expands on the nodes in synastry and their roles in our relationships. It presents the Hindu myths related to the nodes with an emphasis on the goddesses as consorts to the male deities and how their stories connect to the Lunar nodes. Borstein presents the fundamental facts about the Moon’s Nodes and includes a discussion of the True and Mean Node and information on the nodal cycle in transit, natal signs and houses of the nodes and their meaning, especially in how to move from the wounded soul, represented by the South Node, to higher consciousness, represented by the North Node. Includes a fascinating synastry study of Angelina, our modern day goddess, and her consort Brad Pitt with an interpretation of the ties that knot them together.

Using mythology, archetypal symbolism, and a wealth of case histories, this study provides new material and insight into the many facets of this major, transformative contact between the Moon and Pluto. Hall explains why Pluto-Moon aspects are so important, and gives a description of the Hades Moon through the signs and houses. She shows us the symptoms and offers practical information about flower essences and techniques that can help people handle Hades Moon energy.

From the Introduction: You have economic hard times to thank for this book. I am by profession a bookseller. In 2007, a friend suggested a newsletter as a way of enhancing book sales. I think she had monthly specials, promo sheets and upcoming new titles in mind, but I was too dense for that. Instead I wrote on topics of my own fancy. The first two years, 2007-9, when the newsletter appeared monthly were, well, dreadful. The week that Venus went retrograde in March, 2009, with the stock market stabilizing after months of plunging, I shifted from a monthly single-page newsletter, to a weekly three-pager. I followed a three-page format for a couple of years. Most of the worth-while essays were compiled in my first book, Skeet Shooting for Astrologers. Two years later in March, 2011, with the economy ever more bleak and myself running out of ideas, I started writing celebrity delineations and in the process broke out of a rigid format. The delineation of Jon Stewart, of the Daily Show, was the first of these. Retrograde Venus has turned up in a surprising number of the charts I’ve written about, given its rarity, among them, the chart for the Republican Party, as well as the charts for Rep. Ron Paul, Mayor Michael Bloomberg, Jon Stewart, and some others. No, my Venus is not retrograde. Essays are in order of publication, in part as I think organizing by topic makes for a boring block of reading. The book starts with the last of the 2-column essays from the original 3-page weekly. Meanwhile the economy is now in the fifth year of straight decline. I do wish the people in charge of the country would just send us all envelopes stuffed with cash. I can live on barter just as well as money, but when that happens there will be no authors, there will be no books, there will be no commerce. Money has its uses.

Don't wish upon the stars. Divine their secrets... This revised and updated edition features explanations of all the houses, signs and their meanings, as well as information on astrology's connection with metaphysics and psychology.

"North Node Astrology" reveals the "Soul's Code" contained in the North and South Nodes of your astrological chart--giving you unique insights into life direction and soul purpose.

Here is the best how-to guide for the intermediate astrologer on the art of astrological divination. Horary astrology is the best method for getting answers to questions of pressing personal concern: Will I ever have children? Should I buy that lakefront property? What happened to my car keys? When used wisely, horary acts like a trusted advisor to whom you can turn in times of trouble.
