Volume: Worksheets ...

Surface Area. The surface area of a 3D shape is a measure of how much area the surfaces of that shape have in total.. Shapes that you have to work out the surface area of can fall into one of two categories. – All the faces are flat – e.g. square or rectangle. – Some/all of the faces are curved – e.g. cone or sphere.. Make sure you are happy with the following before continuing:

Surface Area Worksheets | Questions and Revision | MME

Covers all aspects of the GCSE curriculum, including algebraic problems where volumes/surface areas are equated. Includes a Powerpoint presentation and a homework. All exercises and answers are within the slides.
