Teacher And Education In The

The evolution of teacher education. Teacher education, as it exists today, can be divided into two stages, preservice and in-service. Preservice education includes all the stages of education and training that precede the teacher's entry to paid employment in a school. In-service training is the education and training that the teacher receives after the beginning of his career.

Education in ancient Rome progressed from an informal, familial system of education in the early Republic to a tuition-based system during the late Republic and the Empire. The Roman education system was based on the Greek system – and many of the private tutors in the Roman system were Greek slaves or freedmen. The educational methodology and curriculum used in Rome was copied in its ...
